# "MORAL SQUAD" ACCUSED OF GRAFT

## WILSON'S PEACE PLEA IS UPHELD IN SENATE

Cummins Says "It's Sad Spectacle to See Flag Raised to Heaven of Peace Leading to the Hell of Awful War"

DECISIVE VOTE ENDS DEBATE ON RESOLUTION

The Iowa Statesman Believes That if U. S. Attempts What Wilson Proposes it Would Mean Continuous World War

WASHINGTON, Jan. 30.—The administration won its first fight to endorse the President's peace program this afternoon when by a vote of 88 to 30, the Senate tabled Senator Cummins' resolution proposing general delimitation of the peace league plan. The vote on the Cummins resolution was also strictly party lines, with one exception. Senator Marline, Democratic, of New Jersey, voted with the Republicans against tabling the resolution. The tabling of the resolution brought the peace debate in the Senate to an abrupt end.

WASHINGTON, Jan. 30.—"It is a sad spectacle to see a flag raised to the heaven of peace leading straight to the hell of war," declared Senator Cummins as he opened his attack on President Wilson's peace program in the Senate this afternoon. He declared that the foreign powers are taking it for granted that the government of the United States is not only ready but anxious to make a "new world sovereignty" and that it is time for the opposition to be heard.

"The measure overflows with just and beautiful sentiments so eternally right that they instantly command the approval of all lovers of humanity," said Senator Cummins. "Millions of our men and women, hearing or reading those noble sentiments, assume without further inquiry that what the President is about to do will bring justice to the world, abolish war and maintain a permanent peace founded upon the rights of man, as we understand his rights in this country."

LEADS MARCH TO HELL.  
"It is very easy to raise a banner inscribed with a noble slogan, and, without doing or saying more, the first instinct of every humanitarian is to proclaim his fealty to it. It is a sad spectacle, however, to see a flag raised in devotion to the heaven of peace leading a march straight to the hell of war."

"What the people of the country ought to be asking themselves is whether the course proposed by the President will establish nations which exist through the consent of their citizens and will secure permanent peace among them; or whether, whether it will promote liberty, happiness, progress and peace among the people of the United States."

Gregorian Calendar Is Adopted in Turkey  
AMSTERDAM, via London, Jan. 30.—A Constantinople dispatch by Reuters says that the Turkish parliament has formally adopted the Gregorian calendar.

## To Force U-Boat Issue Merchantmen Held Warships Americans to Be Warned

By John Edwin Nevin, Staff Correspondent International News Service.

WASHINGTON, Jan. 30.—Germany may at any time now force the "armed merchantman" issue with the United States by sinking an entente vessel of such character without warning. Up to the present information, negotiations conducted both through Ambassador von Bernstorff in this city and Ambassador Gerard at Berlin, have failed to make any progress whatever.

President Wilson told callers today that while such negotiations are proceeding this country's policy still is undecided. He also made it plain that so far he has not made up his mind whether the German request that this government reconsider its original decision that vessels shall not be sunk without warning unless they shall first assume the offensive and instead rule that all vessels carrying guns mounted everywhere but astern are auxiliary cruisers shall be granted at this time. Although the President has debated the matter with Secretary of State Lansing he has not yet decided whether the entire problem can be reopened now or whether it will have to await a specific submarine attack.

## Millionaires Spectators at Mooney Trial

Crocker, Tevis and Eyre in Front Seats in Courtroom

SAN FRANCISCO, Jan. 30.—Burlingame millionaires and bank presidents added to the interest of the trial of Thomas J. Mooney, alleged conspirator in the preparedness parade bomb outrage, this morning by their presence in the courtroom. They were not there in answer to the call of the members of the party, but merely through interest in the case itself. They occupied front seats in the spectators' section and listened intently to the testimony of William H. Crocker, president of the Crocker National Bank; Perry Eyre, president of the Merchants' National Bank; and Lansing Tevis, polo player and son of William S. Tevis, were the members of the money party that attracted the attention of many curious eyes.

Assistant District Attorney Edward Crane declared this morning that the prosecution will probably close the case for the people by tomorrow noon. This statement leads the defense to wonder whether or not Estelle Smith, who was one of the star witnesses in the trial of Warren K. Collins, will give testimony in this case. In the Billings trial she was on the stand for more than a day under cross-examination.

Charles Lauffer, a steel expert, testified this morning that the scene of the explosion was a piece of four-inch steel tube. He further identified other bits of metal as being of similar material to that used for caps. Arthur Crane, a power expert, informed the jury as to the methods used in the preparation of bombs. Under cross-examination by W. Bourke Crocker, chief counsel for the defense, Crane was asked if he thought that it was safe for a person to carry liquid nitroglycerine around in a bomb or any other receptacle.

Bulgarian King Is Honored by Emperor  
LONDON, Jan. 30.—Emperor Charles of Austria has created the King of Bulgaria an Austrian field marshal, and by way of Amsterdam. The emperor visited the Bulgarian king on his way home from German headquarters, where he attended the birthday celebration of the German emperor.

## NOTE TIPPER WILLISTAS OFF; PROOF OF PROBERS U. S. CAMP

Wall Street Speculator Tells House Committee Investigators of Making \$476,168 in Stocks on Peace Utterance

Witness Points Out Errors He Made Speculating During 13 December Days, to Prove His Lack of Knowledge of Leak

NEW YORK, Jan. 30.—Evidence that New York brokers had information earlier than 12:48 p. m. December 20 that the state department was to issue a statement on peace was adduced today at the "leak" investigation. The President's peace note was not published until the following day.

THE MESSAGE.  
It was dated as having been received in New York at 12:48 p. m. (Eastern time) December 20 and read in substance:  
"Dear state department, is going to issue a statement on economic situation in attempt to promote peace. What do you think of this and how are you prepared to handle it?"

English Fleet Guards N.Y. Sea Lane From Raid  
Fear of New U-Boat Coup Grips Entente Shippers on Atlantic.  
NEW YORK, Jan. 30.—The entire North Atlantic squadron of the British navy has been ordered into waters adjacent to New York, it was authoritatively stated here today.

Gas to Be Higher, Engineer Testifies  
SAN FRANCISCO, Jan. 30.—At the hearing this morning conducted by the Federal Commission into the rates charged by the Pacific Gas and Electric Company, J. T. Ryan, an engineer of the corporation, testified that gas will become still higher in California because of the fact that the oil wells of California are not keeping up with the demand. Even after the war, he said, the European demand will be heavy. At the present time, the supply is only four months ahead in storage and ten gallons are being used for every eight gallons produced.

Blizzard in North Ties Up Shipping  
PORT ANGELES, Wash., Jan. 30.—The blizzard which last night held this port and the straits of Juan de Fuca in its throes abated somewhat with the coming of morning, but continued to molest shipping.

Fletcher Is Ordered to Post in Mexico  
WASHINGTON, Jan. 30.—Henry B. Fletcher, American ambassador to Mexico, has been ordered to his post in Mexico City. It was learned officially today.

WOMAN POLICE STOCK INVESTOR MAKES CHARGE  
Edith Hamilton, Witness In Grand Jury Investigation, Alleges Extortion System  
5 OFFICERS NAMED  
Corporal Peter Van Houtte, Garcia, Nielsen, Gillette and Nightingale Are Brought In

## WOMAN POLICE STOCK INVESTOR MAKES CHARGE

Edith Hamilton, Witness In Grand Jury Investigation, Alleges Extortion System  
5 OFFICERS NAMED  
Corporal Peter Van Houtte, Garcia, Nielsen, Gillette and Nightingale Are Brought In

Sensational revelations of the activities of certain members of the moral squad of the city police force, characterized the trial before Police Judge George Samuels today when Edith Hamilton, a witness before the grand jury, who faces a charge of conducting an immoral house at Sixteenth street, near Telegraph avenue, took the witness stand in her own behalf. The woman, testifying before the grand jury, has deliberately charged the police with grafting, declaring that for over a year she has paid sums ranging between \$20 and \$50. She paid \$100 for stock in the Co-operative Oil Land Subdivision Company, which is headed by Captain of Police Thorwald Brown. On this stock purchase she now owes \$100.

Her case today pivoted on the frequent arrests of herself made by Officers Gillett and Garcia and threats made against her by Officer Van Houtte. She has been in the habit of forfeiting her bail. After her hearing before the jury and frequent consultations with Chief of Police Walter J. Petersen, she concluded to fight for the purpose of exposing conditions in the night life on which she declares a clique in the department has grown fat in purse.

## W. A. Bissell, Noted Railroad Official, Dies

Santa Fe Traffic Director Passes Away at Home in Alameda.

ALAMEDA, Jan. 30.—William A. Bissell, 69, one of the best known railroad men in the West and an official of the Atchafalaya, Topeka & Santa Fe railroad for many years, died suddenly at his home, 1737 Alameda street, Alameda, at an early hour this morning. Heart trouble was given as the cause of death. Bissell was a native of Lyons, N. Y. He was the son of the Right Rev. W. H. Bissell, bishop of the Protestant Episcopal church of Vermont from 1863 to 1893. Bissell came west with the old Collins P. Huntington men and the Union Pacific directorate. He aided in the work of early establishment of the transcontinental line, later becoming general freight agent for the Santa Fe at Chicago.

Norwegian Carrier Blown Up; Nine Die  
LONDON, Jan. 30.—The steamer Argo has been blown up, with a loss of nine men, according to announcement today. Nine of her crew were safely landed.

W. A. Bissell, Noted Railroad Official, Dies

## JAPANESE FACE PLOT CHARGES OVER BANK RUN

Case Brings Out Stories  
of Mysterious Actions  
of Consulate Agents

SEATTLE, Jan. 30.—Trial has been started in the Superior Court of S. Kuwabara, J. Terusaki, S. Watanabe and K. Takebe, Japanese charged with having influenced runs on two Japanese banks of Seattle, with the result that \$100,000 of deposits were withdrawn. The complaining witness is State Bank Examiner W. E. Hanson. The defendants are charged with circulating reports that the banks' owners were involved in a plot to harm the emperor of Japan. Counsel for the accused appealed to Japanese Ambassador Sato and Secretary of State Lansing to intervene, lest international secrets be revealed. The ambassador declined to hinder the trial, Lansing made no reply.

The county prosecutor's office has information that in October, 1915, a Japanese named E. Ota, accused of writing a threatening letter to the emperor of Japan, was buried alive in a Japanese liner by a Japanese wrestler alleged to have been employed by the Japanese consulate in Seattle, and that Ota was taken to Japan and turned over to the authorities. He was acquitted, but had pending further investigation. Shortly afterward Consul Takahashi was recalled from Seattle. The prosecutor's office declines to accept the theory of the defense that the accused were agents of the Japanese government.

see if they can't get Father Time to shoulder his scythe and walk back sixty minutes the 1st of May. It will be explained to the old man that he can run and catch up with the lost hour again September 30. The idea, he will be informed, is to make use of the added hour of daylight we have between those dates. We can get up an hour earlier, go to work an hour earlier, quit an hour earlier and have an extra hour of daylight to have a good time in. It may be news to a lot of folks to know that in Cleveland and Dayton, Ohio, this daylight saving scheme has been in force for two years. Everybody knows it was used throughout Europe and in Canada last year with good results.

**PLENTY OF EVIDENCE.**  
The old man with the scythe will have plenty of evidence presented to convince him. Borough President Marks of this city will introduce each of the speakers, among whom will be Representative William P. Borland of Missouri, whose bill making daylight saving a national law is now pending in Congress.

Then President Marks will introduce representatives of practically every civic organization in this country and delegates from England, Scotland, Russia, Poland, Holland and Canada.

**HOTEL MEN TO SPEAK.**  
Robert Garland of Pittsburgh will speak for the chambers of commerce, ex-Governor John K. Tener for the health experts who want more daylight to fight the white plague; John Mitchell for the Industrial Commission. Mayor Mitchell, Harriet Stanton Blatch, Arthur Brisbane and others also will speak.

Columbia University's astronomer, Harold Jacoby, will speak scientifically to the venerable gentleman, and J. S. Whitehouse, a member of Parliament from London, will argue with him.

George Ade of the National Lawn Tennis Association will speak on the added time for recreation afforded by the plan. S. J. Halle of the standard time committee of the Cleveland Chamber of Commerce will tell how they like the idea in Ohio.

All the speakers will lay stress on the point that this plan will save the country \$100,000,000 in light and power expenses during the summer months. This is expected to knock the old man off his seat.

## Junkmen Are Held for Minister's Death

CHICO, Jan. 30.—Peter Smith, a junk man, and his nephew, John Smith, 18, are in the city jail today for manslaughter, as a result of the election of Friday of Rev. W. A. Wimmer, former Christian Church minister.

Both confessed that they threw a piece of balling wire over a high-power line near here, causing the power wire to part and fall to the ground. The falling line charged a wire fence, with which Wimmer came in contact, to be killed instantly.

The authorities made an investigation on the theory that the Smiths cut the power wire with the intention to stealing it.

## Recipe to Darken Gray Hair

This Home-Made Mixture Darkens Gray Hair and Makes It Soft and Glossy.

To a half-pint of water add:  
Bay Rum ..... 1 oz.  
Barbo Compound ..... a small box  
Glycerine ..... 1/4 oz.

These are all simple ingredients that you can buy from any drugist at very little cost, and mix them yourself. Apply to the hair once a day for two weeks, then once every other week until all the mixture is used.

A half-pint should be enough to darken the gray hair, and make it soft and glossy. It is not sticky or greasy, and does not rub off. It should make a gray-haired person look twenty years younger. Advertisement.

## U. R. R. PURCHASE PLAN DISCUSSED

Preliminary Negotiations Are  
Called for in Board  
Resolution.

SAN FRANCISCO, Jan. 30.—Preliminary negotiations for the purchase of the United Railroad properties, on the basis of municipal economy, was made the subject of a resolution introduced into the proceedings of the board of supervisors yesterday, by Supervisor James Powers, chairman of the finance committee.

The resolution calls for Mayor James Rolph, Jr., the supervisors, city engineer, city attorney, public utilities and finance committee to take up the matter of the proposed purchase. The guiding motive at the present time, according to Powers, is the intention of the city to install certain extensions and improvements to the existing lines, which he declares are wholly inadequate to meet future conditions.

Powers said he approved the idea of giving the city's Portrero and Church street lines clearance down Market street, but was of the opinion that double tracking on Market street, farther down than Van Ness avenue, would not be satisfactory. In the meantime, the \$17,000 appropriated by the supervisors for the purchase of rails for the new lines will be held in abeyance until some solution of the problem is worked out.

Powers declared that it was the intention of the board to secure some other solution of traffic congestion, if possible, than the double tracking plan. Letters recommending a conference between the engineering department of the city and the United Railroads on the matter were read to show the attitude of the different interests. Various speeches were made against the duplication of Market street tracks, at the session, by property owners and others.

Powers' resolution was referred to the public utilities committee.

## HOLLAND GIN, DUTCH CHEESE, CAST INTO SEA

German U-Boat Capt.  
Throws Overboard  
Contraband

NEW YORK, Jan. 30.—Thirty thousand pounds of merchandise, consisting of Holland gin and Dutch cheese, part of a 300-ton cargo on the Dutch steamship Vulcanus, were thrown into the sea by orders of a German submarine commander when the ship was held up by a U-boat December 27 off the English coast, according to officers of the Vulcanus on arrival here today.

The vessel was on her way from Rotterdam to Lisbon, Portugal, the officers said, when the submarine appeared. An officer came aboard and made a careful examination of the ship's manifest. He passed everything that to his mind would be of no use to the enemy, but drew a sharp line on the gin and cheese, declaring them contraband foodstuffs.

## Pedestrians Have Prior Right on Roads

VISALIA, Jan. 30.—Pedestrians have the prior right in the use of state and county highways, and they are not bound to traverse the highways under the same regulations as vehicles, according to a decision given today by Superior Judge Wallace. He also held that drivers of vehicles running down pedestrians shall be held.

The decision was made in the trial of a damage suit resulting from the running down of a pedestrian by an automobile. The defense contended that the pedestrian was walking on the wrong side of the road.

## Coast Steamer Soon to Sail for Europe

SAN FRANCISCO, Jan. 30.—Within two weeks, according to J. J. Love, an official of the International Mercantile Marine, the steamer Minnesota will leave San Francisco bay for New York, where it is to enter the Atlantic service of transporting general cargo from the American coast to England. Formal transfer of the liner from the Hill interests to the new concern will be made this week. The steamer will leave here loaded with a varied cargo, and make the east coast via Panama canal.

## New Articles Barred From Russian Trade

WASHINGTON, Jan. 30.—Russia has added new articles to her list of commodities excluded by her on the ground of not being necessities. The new list of articles reached the department of commerce today, and among them are most kinds of vehicles except those for railroads, precious metals, jewelry, wall paper and decorations and table delicacies.

## Son of Canadian Officer Meets Death

SAN ANTONIO, Tex., Jan. 30.—David E. McQueen, aged 24, was killed here while making a flight at a school of aviation.

He was a son of Major G. D. McQueen, in the Canadian records of office in London, and was training to join the aviation corps of the Canadian army in France.

## Municipal Storage Will Be Voted On

SEATTLE, Jan. 30.—The city council here last night adopted a resolution referring to voters the proposition to issue bonds for \$500,000 for the establishment of a market and cold storage plant to be operated by the municipality. The proposition will be submitted at the city election March 6.

**STOCKTON JUDGE STRICKEN.**  
STOCKTON, Jan. 30.—Judge C. W. Norton, who recently resigned from the Superior Court bench because of ill-health, suffered another stroke of paralysis in San Diego Sunday, according to reports received here yesterday by members of his family.

**PIONEER DIES.**  
MARYSVILLE, Cal., Jan. 29.—Charles Compton, aged 87, one of the first pioneers of Yuba and Nevada counties, died here today. He came across the plains in 1850.

## New British Regime Scored for Inactivity

LONDON, Jan. 30.—Expressions of dissatisfaction over the inactivity of the Lloyd George government, which have appeared almost daily in the Northcliffe press, have in many quarters been given rise to doubts as to whether the much-heralded new government can cope with the situation.

## German Submarine Identified As U-57

CHRISTIANIA, Jan. 30.—The German submarine recently reported sunk near Flammest was the U-57, commanded by Captain Bender, according to information received here today.

## "Land Sail Boat" Is Invented by Astor

POSTON, Jan. 30.—Vincent Astor has just invented a "land sail-boat." It was built by the Burgess-Curtis Aeroplane Company at Marblehead and left for Florida, where Astor expects to use it on the dry beach. The land boat is equipped with rubber tires, but it can be put on skates and take a turn on the ice. It is also adapted to snow sailing.

## PROBE DATE FORWARDED.

EUREKA, Jan. 30.—The investigation of the conduct of Captain Lawrence Ellison of the local coast guard station, which has been in progress under the direction of Captain Whiram for the last several days, has been completed and the evidence has been forwarded to Washington for consideration. Captain Whiram now is engaged in an inspection of the equipment of the station. He is expected to remain here until the middle of the present week.

## PANCAKES KILL FIVE PERSONS IN ONE FAMILY

DANFORTH, Ill., Jan. 30.—Five persons in one family are dead and another is seriously ill here today as a result of eating pancakes which it is believed contained poison, accidentally mixed with the flour. The dead are:

Fred, Theodore, Irwin and Mino Meintz and their 7-year-old nephew.

Mrs. J. O. Meintz, mother of the boys, is ill. Other members of the family who did not taste the pancakes, were not affected. The victims noticed a slightly bitter taste to the pancakes, but thought nothing of it until they were seized with all the symptoms of poisoning.

## Island Governor Asks for Vacation

WASHINGTON, Jan. 30.—Application of Governor General Harrison of the Philippines for six months' leave of absence upon appointment of a vice-governor now being considered by President Wilson, is under War Department advisement. Harrison intends to go on an extended hunting trip in the Orient or Africa. Department officials said today there had been no indication that the governor general contemplated resigning, and characterized reports to that effect as "entirely without foundation."

## Mexican Prisoner Succeeds in Escape

QUERETARO, Mexico, Monday, Jan. 29.—Jose Martinez, who was a prisoner in connection with the assassination of President Madero in 1913, escaped ten days ago from the penitentiary in which he was confined, it was made known today.

# Heat to greet your club meet

Do you feel like apologizing for the old-fashioned heating when the Woman's Club meets at your home and you notice quite a few bring along hug-me-tights or heavy petticoats to offset the depressing cold corners and drafty floors? Or are you at perfect ease in knowing your home is outfitted with ideal radiator heating that thaws cold conversation into warm confidences?

# AMERICAN & IDEAL RADIATORS & BOILERS

These outfits guarantee you the utmost in heating comfort and fuel economy!

AMERICAN Radiators are built in many heights, widths and shapes, which admit their location in any convenient part of a room, hall or vestibule—to meet and bar out the cold. They defeat the cold at all exposed points. Made in curves, corners, with plate-warming oven, high legs, carpet feet, etc., and with ventilating attachments for insuring liberal volumes of freshly warmed air throughout the building. IDEAL Boilers are self-acting.

The greatest money saver in a building is IDEAL heating. Our immense annual sales in America and abroad enable us to offer IDEAL Boilers and AMERICAN Radiators at a cost no greater than asked for ordinary outfits—at prices within reach of all. Accept no substitutes.

Act now and save enough in fuel, absence of repairs, doctor-bills, reduced care-taking and household cleaning to quickly repay cost. Easily put into old or new cottages, farm houses, flats, schools, churches, stores, public buildings, etc., without disturbing old heaters until ready to build fire in the new. Learn how to save heating-dollars by asking for free catalog "Ideal Heating." Write today.

**An unfailing, stationary Vacuum Cleaner**  
You should also know about our ARCO WAND Stationary Vacuum Cleaner, for dustless, complete cleaning through an iron suction pipe running to each floor. Fully GUARANTEED. Lasts as long as the building—like radiator heating. Sold on Easy Payments, in sizes at \$175 up. Send for catalog.

Details of Small Battle; Ac-  
counts Differ As to Result;  
Teuton Forces Advance

Principal Fighting at Hill '304'  
Near Verdun; French Trench  
Is Attacked by Germans;  
Reconnoiterers in Clashes

BERLIN, Jan. 30.—French troops  
last night delivered four fresh at-  
tacks on the German lines at Hill  
304 northwest of Verdun, army head-  
quarters announced today. The at-  
tacks failed of success.

PARIS, Jan. 30.—The Germans last  
night made another offensive move-  
ment in the region of Hill 304, north-  
west of Verdun, attacking a French  
trench. The attack, says today's war  
office announcement, was stopped by  
gun fire with considerable losses to  
the Germans.

BERLIN, Jan. 30, wireless to Say-  
ville.—The official statement reads:  
On the Artois front there were  
several reconnoitering engagements.  
Between the Ancre and the Somme  
an artillery duel which at times was  
strong took place.

Attacks made in the evening by  
the French against Hill 304 were  
without success.  
Quiet has prevailed during the  
last twenty-four hours all along the  
Russian and Rumanian fronts from  
the Baltic to the Black Sea, the war  
office announced today. Only in  
Macedonia, in the Cerna and Struma  
regions has there been any activity  
in the Balkans and this only in the  
nature of scouting operations. The  
statement reads:

"Between the Baltic and the Black  
Sea there have been no important  
events."  
"In the Bend of the Cerna and on  
the low lands of the Struma clashes  
occurred between reconnoitering de-  
tachments."

PARIS, Jan. 30.—The official an-  
nouncement follows:  
"On the left bank of the Meuse an  
attack with hand grenades against  
one of our trenches in the region of  
Hill 304 was repulsed. North of  
Badonvillers a German attack was  
repulsed. We took prisoners."

"In Upper Alsace our batteries were  
active in the region of Hapsols. There  
was intermittent cannonading along  
the remainder of the front."

**BIRTHS**  
BEAUMONT—January 29, to the wife of Gerald  
P. Beaumont, a daughter.  
YEBBY—January 25, to the wife of George  
Yebby, a daughter.

## MANY POSTERS IN ARTISTS' CONTEST

The scores of posters entered in the  
big Ad-Masque poster contest, which  
closes on February 1, will be placed on  
public display in the clubrooms of the  
Chamber of Commerce, seventh floor of  
the Hotel Oakland, next Friday, Febru-  
ary 2. The exhibition will include the  
prize winning poster whose originator will  
receive \$50 in cash from the advertising  
bureau of the Chamber of Commerce,  
conducting the preparations for the Ad-  
Masque.

Interest in the big advertising carnival  
and ball grows hourly.  
The Ad-Masque has stirred the inven-  
tive genius of the city's artists. Hun-  
dreds of men, women and boys and girls  
are originating costumes to wear at the  
monster mask carnival.

As the date of the Ad-Masque is to  
advertise, the contestants for the prizes,  
offered by the ad bureau and national  
and local advertisers will represent in  
pantomime the well known advertised  
commodities and the local firms.

Among the well known national prod-  
ucts which lend themselves to imperson-  
ation are Fairy Soap, Gold Dust Twins,  
Kleen Maid Bread, Flak Tire Boy, Aunt  
Santitas Pancakes, the Zee Kid, the  
Pail Mail Girl, Old Omar, the Savana  
Tire, the Red Wing Grape Juice Girl,  
Lotta Miles, Jap Rose Soap Girl, the  
Imperturbable Dudes, G. Washington Coffee,  
Hills Bros. Coffee and Cocoa, the  
Baker Girl of Chocolate  
fame, the Walkover Shoe, Velvet Joe  
and hundreds of others.

## MANY PRIZES ARE OFFERED AD-MASQUE CHARACTERS

Cash prizes offered by the advertising bureau of the Chamber  
of Commerce, having the big Ad-Masque in charge on the night of Feb-  
ruary 14, have been doubled and several local firms have added cash  
and merchandise prizes to the list.

A total of \$417.50 is represented in the prizes offered.

The bureau offers the following prizes:

**LOCAL.**  
For best sustained character, lady, representing local firm—First  
prize, \$15; second, \$10, and third, \$5.  
For best sustained character, gentleman, representing local firm—  
First prize, \$15; second, \$10; third, \$5.  
For best sustained group representing local firm—First prize, \$15;  
second, \$10; third, \$5.  
For best display by local firm—First prize, \$15; second, \$10;  
third, \$5.

**NATIONAL.**  
For best sustained character, lady, representing national advertised  
commodity—First prize, \$15; second, \$10; third, \$5.  
For best sustained character, gentleman, representing national ad-  
vertised commodity—First prize, \$15; second, \$10; third, \$5.  
For best sustained group representing national advertised com-  
modity—First prize, \$15; second, \$10; third, \$5.  
A cash prize of \$25 is offered for the handsomest lady's costume.  
For the best representation of the objects for which advertising  
clubs are organized by either individuals or groups—First prize, \$10;  
second, \$5; third, \$2.50.

For the most spectacular showing made by any lodge, society or  
fraternal organization, \$50.

For the best showing made by a school or college, \$20.

Additional prizes offered by local firms to date include:

Lawrence Warehouse Company, \$10 to the person or group giving  
the best representation of its warehousing and distributing service  
which embraces seventeen warehouses and docks in Oakland.

Willard Storage Battery Company—\$10 for the best representation  
by individual or group of the storage battery handled by this firm.

Kahn's offer a \$25 Columbia Talking Machine for the best repre-  
sentation of this phonograph.

The Oakland TRIBUNE offers ten prizes amounting to \$50 for the  
best representation of The TRIBUNE or any particular feature of the  
publication to individuals or groups.

Other local and national firms will announce more prizes in the  
near future.

## GIVE POSLAM A CHANCE AT THOSE PIMPLES

Your friends and business associates would rather see you without Pimples. It can only be detrimental to you to tolerate them. Why not be rid of this cause of embarrassment? You can do so easily with Poslam help.

Get some Poslam today and spread it over the Pimples tonight. Continue until they have disappeared. You will probably have some Poslam left over to treat Burns, Itching Scalp, Itching Feet, Chills, Irritation, etc. You will be amazed to find that it goes so far and does so much.

Sold everywhere. For free samples write to Emergency Laboratories, 32 West 25th St., New York City. Advertisement.

## Prepare This for a Bad Cough—It's Fine

Cheaply and Easily Made, but  
Does the Work Quickly.

The finest cough syrup that money can buy, costing only about one-half as much as the average cough syrup, can easily be made up at home. The way it takes hold and conquers distressing coughs, throat and chest colds will really make you enthusiastic about it.

Any druggist can supply you with 2½ ounces of Pinex (50 cents worth). Pour this into a pint bottle and fill the bottle with plain granulated sugar. Shake thoroughly and it is ready for use. The total cost is about 64 cents and gives you a full pint—a family supply—of a most effective, pleasant tasting remedy. It keeps perfectly.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs, loosens and takes the phlegm and mucus and the inflamed or swollen throat membranes, and gradually but surely the annoying throat tickle and dreaded cough will disappear. Nothing better for bronchitis, spasmodic croup, whooping cough or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, combined with guaiacoli and is known the world over for its prompt healing effect on the throat membranes.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction or money back. Pinex comes with this preparation. The Pinex Co., Ft. Wayne, Ind.

## Don't Neglect Kidneys

Swamp-Root, Dr. Kilmer's Prescription, Overcomes Kidney Trouble.

It is now conceded by physicians that the kidneys should have more attention as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and matter from the system by filtering the blood.

The kidneys should receive some assistance when needed. We take exercise, drink tea, water, often eat meat, heavy food, thereby forcing the kidneys to do more work than nature intended. Evidence of kidney trouble, such as lame back, annoying bladder troubles, smarting or burning, brick-dust or sediment, sallow complexion, rheumatism, maybe weak or irregular heart action, warns you that your kidneys need help. Immediately take to avoid more serious trouble.

An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp-Root. There is nothing else like it. It is Dr. Kilmer's prescription used in private practice and it is sure to benefit you. Get a bottle from your druggist.

However, if you are unable to test this great preparation, send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Oakland Daily Tribune.—Advertisement.

## To Relieve Catarrhal Deafness and Head Noises

Persons suffering from catarrhal deafness and head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal remedy. In many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible several feet away from them. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this advertisement and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parmint (Double Strength), about 75 cents worth. Take this home and add to it ½ pint of hot water and 1 oz. of granulated sugar stir until dissolved. Take one tablespoonful four times a day.

Parmint is used in this way not only to reduce the tensive action of the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct the excess of secretions in the middle ear, and the results it gives are nearly always quick and effective.

Every person who has catarrh in any form should give this recipe a trial. Osgood Bros. can supply you.—Advertisement.

## FINE FOR RHEUMATISM!

Musterole Loosens up Those  
Stiff Joints—Drives Out Pain

You'll know why thousands use Musterole once you experience the glad relief it gives.

Get a jar at once from the nearest drug store. It is a clean white ointment, made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on!

Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).

OAKLAND TRIBUNE, Oakland's greatest evening newspaper, assures its advertisers that the circulation of this paper reaches every day over 250,000 readers.

## Literacy Test Is Scored Wilson's Veto Is Result

WASHINGTON, Jan. 30.—Today President Wilson vetoed the immigration bill passed recently by Congress because of its literacy test provision.

When the veto message was read in the House it was ordered to lie on the table until Thursday morning, and champions of the bill began laying their plans for an effort to override the veto. Chairman Burnett announced last night that he would move for a veto Thursday.

It was the second time that President Wilson had vetoed an immigration bill because of the literacy test and for the same reason. The first was the bill vetoed by Presidents Cleveland and Taft. The President's veto message to the House, in which the bill originated, followed:

"I very much regret to return this bill without my signature.

"In most of the provisions of the bill I should be very glad to concur, but I cannot do so because of the conviction that the literacy test constitutes a radical change in the policy of the nation which is not justified in principle. It is not a test of character, of quality, or of personal fitness, but would operate in most cases merely as a penalty for lack of opportunity in the country from which the alien seeking admission came.

"The opportunity to gain an education is in many cases one of the chief opportunities sought by the immigrant in coming to the United States and our experience in the past has not been that the illiterate immigrant is as such an undesirable immigrant. Tests of quality and purpose cannot be objected to on principle, but tests of opportunity surely may be.

"Moreover, even if this test might be equitably insisted on, one of the exceptions proposed to its application involves a provision which might lead to very delicate and hazardous diplomatic situations.

"The bill exempts from the operation of the literacy test 'all aliens who shall prove to the satisfaction of the proper immigration officer or to the secretary of labor that they are seeking admission to the United States to avoid religious persecution in the country of their last permanent residence, whether such persecution be evidenced by overt acts or by laws or governmental regulations that discriminate against the alien or the race to which he belongs because of his religious faith.'

"Such a provision, so applied and administered, would oblige the officer concerned in effect to pass judgment upon the laws and practices of a foreign government and declare that they did or did not constitute religious persecution. This would, to say the least, be a most invidious function for any administrative officer of this government to perform, and it is not only possible but probable that very serious questions of international justice and comity would arise between this government and the government of governments thus officially condemned should its exercise be adopted.

"I dare say these consequences were not in the minds of the proponents of this provision, but the provision separately and in itself renders it unwise for me to give my assent to this legislation in its present form."

## Pastor Retires After 40 Years Hard Work

After establishing the Eighth Avenue Presbyterian Church ten years ago and bringing it from indebtedness into financial ease, Rev. C. C. Herriott closed his active public work in the ministry Sunday, when he preached his last sermon and resigned his place. Following a rest period he will occupy himself with general Bible and evangelistic labors.

The church in its beginning was a Sunday school, the headquarters of which were in the Falcott warehouse, Bowditch Boulevard. This Sunday school was organized in April, 1906. After an interval Dr. Herriott obtained money for its enlargement and the church structure was built. Sunday found the edifice free from debt, mainly through the efforts of the pastor and his congregation.

Dr. Herriott retires after serving forty years in the interests of the ministry. He has occupied positions in St. Mary's, Ohio; Indianapolis, St. Paul, San Francisco, Santa Cruz and Oakland.

## State Starts Probe Into Teachers' Fight

SACRAMENTO, Jan. 30.—The State Board of Education has sent a communication to District Attorney T. D. Johnston and Superintendent of Schools W. H. Hanlon of Contra Costa county asking them why charges of corruption and unprofessional conduct against John McIvor, principal of the Port Costa schools, have been withdrawn.

A hearing upon the charges was to have been held before the State Board of Education at its meeting here, but on account of the withdrawal no trial was held. The trustees of the district have demanded that McIvor's certificate be withdrawn.

It was charged that McIvor was seen drunk on the streets of Contra Costa county cities.

## Oregon House Passes "Bone Dry" Statute

SALEM, Ore., Jan. 30.—The Oregon House of Representatives has passed the "bone-dry" prohibition bill by a vote of 52 to 7. The measure now goes to the senate.

Six of the seven representatives who voted in the negative are from Portland. They are A. C. Allan, K. K. Kubli, D. C. Lewis, Lionel C. Mackay, Plowden Stott and George T. Willett. The seventh was William E. Schimpff of Astoria.

OLYMPIA, Wash., Jan. 30.—After a protracted debate in the house of the State Legislature, consideration of the "bone-dry" bill was made the official order of business for next Wednesday forenoon.

## Two Lose Jobs by Use of Railroad Pass

STOCKTON, Jan. 30.—Because S. E. Semple, manager of the Stockton traffic bureau, accepted and used the Santa Fe pass of F. E. Lovejoy, traveling passenger agent for the Western Pacific railroad, on a business trip to Los Angeles two weeks ago, both Semple and Lovejoy are out of their jobs, it became known today.

On the way to Los Angeles a train agent inquired Semple's name and said it was Semple. The train agent demanded his fare, which he paid, and he supposed the incident closed. But the agent kept the pass, and soon Lovejoy was on his way to St. Louis, where he held a position, and Semple said today that he was leaving to accept new work, having been dismissed from the local bureau.

## Another Advance in Price of Milk

NEW YORK, Jan. 30.—Another advance in milk prices to take effect February 1 was announced today by one of the largest milk distributing companies in the country, which serves New York and neighboring cities and towns. The increase raises the price of grade A milk from 10 to 11 cents a quart and adds 2 cents a half-pint to the price of cream. The company says that the advance is made necessary by the fact that it has lost money ever since the milk strike of last October.

## Meeting Is Called by Woman's Club

A special meeting of the East Oakland Woman's Club has been called for tomorrow afternoon at 2:30 to consider the proposed technical school for which East Oakland children already a site. Superintendent A. C. Barker will be the speaker of the afternoon. The meeting is called at the residence of the president, Mrs. A. C. Fry, 1920 East Seventeenth street.

## DEPOSED RULER ASKS U. S. HELP

Costa Rica Ousts President; Provisional Head Takes Place in Office.

WASHINGTON, Jan. 30.—Alfredo Gonzales, deposed president of Costa Rica, has sent an appeal to the United States government for intervention.

He is a refugee now in the American legation at San Jose, where his former minister of war, Federico Tinoco, has installed himself as provisional president after a revolution brought to a triumphant conclusion without bloodshed twelve hours after it was begun.

President Gonzales and Manuel Castro Quesada, Costa Rican minister to Washington, who was home on leave of absence, were granted asylum in the American legation without question when they appeared for protection a short time after General Tinoco proclaimed to the populace that the president had been deposed and that he had made himself the provisional executive.

Official reports of the overthrow of the Gonzales administration afford little ground for the belief that the United States will interfere. The revolutionists killed no one and, according to reports, the developments represented the culmination of a popular demand.

If disorders follow and if there is reported any danger to foreigners, a warship will be sent to Costa Rican waters. Great surprise was caused at the state department by the revolt. For almost forty years Costa Rica has been without a revolution and has been set forward as a model Latin-American government.

NEW YORK, Jan. 30.—Antonio Almar, a Costa Rican planter, attributed the action of the military forces in removing the executive partly to their sympathy with the movement of many people of the country to bring about closer relations with the United States.

"There are men raising exports who must have the United States as a market and believe in having more intimate relations with the United States," Almar said. "This, President Gonzales was opposed to, and he was opposed to any friendly relations with foreign governments."

## Blast Explodes Too Soon; Two Men Killed

BUTTE, Mont., Jan. 30.—An explosion in the Mountain Con mine last night instantly killed Arel Bathgate and Bert Campbell. John Hone, who was passing by, was injured, probably fatally. Bathgate and Campbell were preparing to fire twenty-two holes when the entire charge went off, exploding the two men broadcast. The explosion wrecked the surrounding workings.

Campbell came to Butte about a year ago from Ogden, Utah, his home.

## No "Burning Ship" Is Found; Alarm Mystery

SEATTLE, Jan. 30.—Following the receipt of a report here last night that a steamer was adrift a few miles off Everett, the steamer Kulshan, with doctors and pulmotors, went to the scene to investigate. She made a thorough search of Puget Sound waters in the vicinity of Everett without finding any wreckage. No vessels are known to be overdue or missing in a week before the delinquent date.

## CORPORATIONS FACE PENALTY.

SACRAMENTO, Jan. 30.—The corporation license tax will become delinquent next Monday, and if the 6000 corporations which have not paid the tax for the year 1916 do not present to the State Treasury the amount of the levy against them by that time, a penalty of \$10 each will be attached. Nine thousand corporations already have paid into the state treasury approximately \$400,000, an unusually large amount to be turned in a week before the delinquent date.

## Laundry Supplies At Special Prices!

Whatever the housewife needs to make her laundry equipment complete, is here—

## At Howell-Dohrmann's

We have any size you require.

**Howell Dohrmann Co.**  
Located with H.C. Capwell Co.

## One-Legged Men to Form Organization

WASHINGTON, Jan. 30.—The tap-tap of oak pegs on asphalt streets; the thump, thump, thumping of half a hundred wooden legs will resound through the echoing streets of the national capital early in June.

It will mark the first national convention of one-legged men here to organize the National One-Legged Men's Association.

The only qualification of membership is lack of a leg. No mere bipeds need apply.

## PASTOR COMING WEST.

KANSAS CITY, Jan. 30.—The Rev. Wm. Richardson, pastor of the First Christian church, announced today that he had accepted the pastorate of the Hollywood Christian church of Hollywood, Cal., a suburb of Los Angeles. He will assume his new charge April 1.

## Under Sheriff Left Estate of \$250,000

SAN FRANCISCO, Jan. 30.—Lottery of administration in the estate of the late Walter H. Macaulay, under sheriff of San Francisco and well-known politician, were issued this morning by Judge Thomas Graham to the widow, Mrs. Maria Macaulay. The estate is valued at \$250,000. A temporary family allowance of \$500 a month was granted by the court.

RUSSIAN POST REJECTED. MONTREAL, Jan. 30.—Officials of the Canadian Pacific railroad announced today that George Bury, vice-president, had gone to England on the shipping business of the company. The statement was made in connection with reports, declared to be unfounded, that Mr. Bury was to leave the company and take control of the operations of the Russian railroad.

MARYSVILLE, Jan. 30.—Patrick W. McConville of Seattle came here to visit his aunt, Mrs. Elizabeth Bowen, not knowing that she had died in January, 1912, and had left him part of her \$12,000 estate. In inquiring for Mrs. Bowen, McConville came across W. H. Carlin, attorney for the estate. Carlin directed McConville to the county treasurer's office, where a check for \$1168.19, his share of the estate, had been reposing in a safe for almost five years. McConville was declared dead by the court a year ago, and his share of the estate ordered distributed to other persons. McConville has a brother who has a check for the same amount awaiting him. If not located, McConville will receive the extra \$1168.19.

## Capwells BASEMENT STORE

Appetizing dishes, good service and beautiful surroundings are features of our Roof Garden Restaurant.

## Winding Up the Month with a Series of Sensational Sales

## "TIZ" GLADDENS SORE, TIRED FEET

No Puffed-Up, Burning, Tender Aching Feet—No Corns or Callouses.

"Tiz" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters, bunions and chilblains.

"Tiz" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "Tiz" brings restful foot comfort. "Tiz" is magical, grand, wonderful for tired, aching, swollen, smarting feet. Ah! how comfortable, how happy you feel. Your feet just tingle for joy; shoes never hurt or seem tight.

Use or discard "Tiz" now from any drug store or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy. Just think! a whole year's foot comfort for only 25 cents.—Advertisement.

## How to Master the Machinery of the Body

(By N. B. COOK M. D.)

The machinery of the body needs to be oiled, kept in good condition just as the automobile or bicycle. Why should the human neglect his own machinery more than that of his horse or his car? For most people do neglect themselves. Their tongue has a dark brown color, skin sallow, breath bad, yet they fail to see that their machinery needs attention. Everybody should take a mild laxative at least once a week. A pleasant way to clear the tongue and the highly colored water noticed in the morning is to take a laxative which will cure the inactive liver and biliousness.

A pleasant vegetable pill is made up of May-apple, leaves of aloe and jalap, made into a tiny pellet and coated with sugar. The pills are made by Dr. Pierce's Medical Bureau. Dr. Pierce's pills are sold in vials—simply ask for Dr. Pierce's Pleasant Pellets.

Obtain a scalding urine or frequent urination, either or distress you, or if uric acid in the blood has caused rheumatism, gout or sciatica, if you suspect that you have kidney or bladder trouble, ask Dr. Pierce, at the Hotel, Buffalo, N. Y., to send a sample of urine and describe symptoms. A physician and chemist will examine it without charge and will be under no obligation whatever. Dr. Pierce's Anuric tablets cannot fail to help you, because their action flushes the kidneys of impurities and puts strength into them.

Obtain a 50-cent box of Anuric (double strength) today from your druggist in town. From personal observation in large hospital practice, Anuric will give you speedy relief.—Advertisement.

## Don't Let Soap Spoil Your Hair

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulled coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else at all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Advertisement.

## HOW TO JUDGE A WOMAN BY HER HAIR

There is real common sense in just noticing whether the hair is well kept to judge a woman's character, or good taste. If you are one of the few who try to make the most of your hair, remember that it is not advisable to wash the hair with any cleaner made for all purposes, but always use some good preparation made expressly for shampooing. You can enjoy the very best by getting some cantharox from your druggist, dissolve it in a little water, add a little hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. Dandruff, itching, and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.—Advertisement.

## How You Can Quickly Remove Hair Growths

(Aids to Beauty.)

A well known beauty specialist advises this treatment for the removal of hair from the face. Mix into a paste some powdered delatone and water, apply to hairy surface and after about 2 minutes rub off, wash the skin and every trace of hair has vanished. This method is quick and entirely safe. To avoid disappointment, however, it is well to make certain you get genuine delatone.—Advertisement.

## MAYR'S WONDERFUL REMEDY FOR STOMACH TROUBLE

Call Stomach, Cancer and Ulcers of the Stomach and Intestines, Auto-Intoxication, Yellow Jaundice, Acute Indigestion, Appendicitis, Gastritis and other fatal ailments result from Stomach Trouble. Thousands of Stomach Sufferers owe their complete recovery to Mayr's Wonderful Remedy. For sale by Osgood's Dept. Drug Store and Druggists everywhere.—Advertisement.

## Fraternity Has Hope of Merry Time at Dance

MISS GRACE RHEIN.  
Many Visitors at Phi Kappa Affair Expected From Across the Bay.

The dance which is to be given by the Phi Kappa fraternity on Saturday evening in the conservatory ballroom of the Pacific building, is being eagerly anticipated by several hundred of the younger set who have received cards. Committees are devoting their energies to the perfection of the details which will make the occasion one of the most elaborate yet given by this organization. A large number of guests will cross from San Francisco on Friday night.

Among the girls who are lending their interest to the early February dance is Miss Grace Rhein.

## SEATTLE BANK IS CLOSED AFTER RUN

Failure Due to Slow Returns on Loans Made Previous to War.

BY UNITED PRESS LEADERS. WIRE TO TRIBUNE. SEATTLE, Jan. 30.—The Northern Bank and Trust Company at Pike street and West Lake avenue, failed to open its doors at 10 a. m. today. The bank's liabilities are \$1,600,000, assets, \$1,100,000. The closing of the bank was anticipated following an examination of the affairs of the bank by the State Bank Examiner on Friday night.

The Northern Bank and Trust Company did the clearing house business for the Broadway State Bank, and when the latter failed recently a run was practically started on the Northern bank.

Monday night the bank examiner decided to close the doors.

The cause of the failure is said to be a slow return on loans made previous to the European war, to German interests. Both the Northern Bank and Trust Company and the Broadway State Bank were organized several years ago by W. Phillips, who is in New York City at present.

The Northern Bank and Trust Company has one of the best locations in the city. It is announced another bank has already offered \$75,000 for its lease.

## New Markets Getting California Products

SACRAMENTO, Jan. 30.—New markets are being developed for California dairy products in China, Japan, the Philippines and Java, according to the bi-monthly report of the State Dairy Bureau made by Governor Johnson. The dairy business of the State never was in more thriving condition, according to the reports. Notwithstanding the war, there has been strong demand in Europe, Australia, New Zealand and the Eastern markets for California butter and cheese.

It is estimated four million pounds of butter was shipped to Australia in 1915 and two million pounds to England and the eastern portion of the United States in 1916. The average price of butter during the year ending September 30, 1916, was 22.35 cents, the report shows.

California cheese-makers are profiting through the cutting off of European supplies since the war, the figures show. Among recommendations made in the report is a plea for more money to hire additional dairy inspectors.

## Detectives Called to Delve in City Affairs

Private detectives have been called in to assist in investigations in Oakland in connection with the recent fire which has been brought up to a high pitch with the filing of recalls against Mayor Davis and Commissioner Edwards. It was learned today that there are twelve men at work, but the source of their employment is being closely guarded by those under whose direction they are operating.

It has also been intimated that there are detectives detecting detectives in the subtle game, and the situation has become more involved by reason of the fact that a federal secret service agent is also busy on this side of the bay.

For the last few days the detectives have been at work. While it was announced from the Mayor's office that the work is progressing satisfactorily, the details of the investigation are being withheld "for the present time."

## Merced Rancher Seeks Runaway Wife Here

Edward Popp, a rancher of Snelling Merced county, asked aid of the police today in his search for his wife, Elizabeth Popp, who left their home December 30, with another man named Brown, taking with them three of their seven children. Popp believes that his wife is living in Oakland under the name of Mrs. E. Schultz. In reporting his trouble to Sergeant Nedderman today, Popp said that the man with whom his wife eloped is unable to care for the children.

## APLIN WINS TIRE CHANGING CONTEST

Orpheum Theater Party Held by Automobile Men Breaks Attendance Records.

By Edmund Crinnion.

There was big doings at the Orpheum last night. It was the occasion of the annual theater party given the Alameda County Automobile Trades Association.

The regular Orpheum program was good, but in addition there were many features of the bill that were provided by the automobile men and those particular features seemed to be what the crowd wanted. It is comparisons in scores mean anything.

The main feature of the evening from the standpoint of the men was, of course, the tire changing contest. As you all probably know, the tire changing contest, which is, one might say, almost exclusively an Oakland institution, is practically divine of the tire houses along Auto Row into rival camps. These camps pick out their respective champions and about once a year send them forth to do battle with the other camp from other camps. Being as how we are a civilized bunch here in Oakland, it is out of the question for the rival camps to use weapons or even fatigues in getting the "who's who" question. Therefore they settle it by tire changing contests. It is a battle to see which camp has the fastest tire changer. Such a contest was staged last night. It was a thorough test and a hard one.

The contestants were all started at the same time. Each man was given a new 35x4 1/2 United States Tire casing mounted on a Goodyear rim. Each man was to deflate the casing, remove the tube and re-mount the casing on the rim again and then pump it up by hand to an 80-pound pressure. It was done by the winner, Walter Aplin of the Pearl Tire Company, in 3 minutes and 40 seconds. Gene Soto, of the Soto Tire Company, was second money by finishing in 3 minutes 59 1/2 seconds. He was followed by Frank Kleckner of the C. A. Miller Company, who won third place, and by George Serrell of the Borg Auto Supply Company in fourth place.

Walter Aplin, who by his victory last night won the first prize given by the automobile dealers and a big tip, the TRIBUNE prize of a new 32 size suit of clothes, and also has the honor of having his name engraved for the second time on the silver cup tire changing trophy, which will be permanently his if he wins another contest.

Gene Soto, the second prize winner, also reaps a nice cash prize given by the association and the \$750 cash prize given by the TRIBUNE, while Kleckner and Serrell both get cash prizes for their achievements.

The party given last night by the automobile men packed the Orpheum to its capacity. The affair was under the management of the committee from the local association and A. E. Berg was the chairman of the evening.

Employees of the Packard Motor Car Company of Detroit who are members of the Thirty-first Michigan Regiment, just returned from duty in the Mexican border, will receive, upon re-entering the company's employ a present from the company, a sum equivalent to two weeks' salary. This announcement was made by President Arvan Macauley of the Packard company.

The men were notified at the time they were called into service last June that positions would be open for them after their return. At that time, also, they were presented with two weeks' extra salary. As they report to resume their work the money will be paid to them. About 70 men in the Thirty-first regiment will be affected.

There will be a place in the factory for every Packard man who responded to the call for service. The extra salary should be of service to these men in the period that will elapse before their next regular pay day.

The company thus will have paid the men for a full month while they were away, besides caring for families of employees who were necessary. The company has requested from the regimental officers the names of all Packard men who will return to their work so that there need be no delay for them in the resumption of their duties at the factory.

There will be a place in the factory for every Packard man who responded to the call for service. The extra salary should be of service to these men in the period that will elapse before their next regular pay day.

The company thus will have paid the men for a full month while they were away, besides caring for families of employees who were necessary. The company has requested from the regimental officers the names of all Packard men who will return to their work so that there need be no delay for them in the resumption of their duties at the factory.

## Folsom Prisoner Is Still Missing

SACRAMENTO, Jan. 30.—Folsom prison guards sought in vain through the night for Earl Fitzgerald, a life term, who dropped from sight in a mysterious manner yesterday afternoon. When the whistle was blown at 6 o'clock Fitzgerald was missed for the first time. He had been seen half an hour before working near the old power house in the lower prison yard close to the bank of the river. Escape by the river, with its rapid current at this point, would be practically impossible, even if the convict could have eluded the view of guards along the bank. He is believed to be in hiding somewhere on the prison grounds.

Fitzgerald was sent up for murder from Lake county in September, 1915. He is 26 years old.

## GAS, HEARTBURN, INDIGESTION OR A SICK STOMACH

"Pape's Diapiesin" ends all stomach distress in five minutes.

Time it! Pape's Diapiesin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes.

If your meals don't sit comfortably, or if you get gas, heartburn, or a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas, no heartburn, fullness or heavy feeling in the stomach, no nausea, debilitating, head-aches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with noxious odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapiesin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.—Advertisement.

## DYNAMITE STICKS STORED BY THIEVES

Cache Discovered in Old Roadhouse; Probably Used by Yeggmen.

Discovery of a cache of twenty sticks of dynamite and a quantity of black powder in an out-house on the premises occupied a number of years ago by the Sullivan roadhouse off the Foothill boulevard today led to an investigation by the police following a report of the discovery by Inspector Felgo of the post-office department.

Inspector Felgo learned of the cache from some boys whom he met while inspecting the mail routes. It was learned that the explosives were stolen from the Hansome-Crummey quarry not far from the old roadhouse.

Sullivan's had not been occupied for several years, the old resort having fallen practically to ruin. It is believed by the police that a gang of yeggmen made the place their rendezvous and that the dynamite was stolen for the purpose of making nitro-glycerine for safe-blowing. The appearance of yeggmen in Newark two nights ago, when two safes in the town were blown open, has led the police and county officers to believe that the dynamite was stored at Sullivan's by the same men who were probably operating from that point in visiting nearby towns in the lower part of the county.

## Pythians to Witness 'Lesson of Friendship'

Paramount Lodge No. 17, Knights of Pythias, will hold its weekly meeting at the parlors at Castle hall, Twelfth and Alice streets, tomorrow night. The exercises of the evening will consist of the "Lesson of Friendship," given by seven members of the lodge, who will take the following parts: Charles Hood, Dionigi; Ernest H. Johnson, Dames; Frank O. Lee, Pythias; Raymond Ryan, Philistine; Kirk Geary, Headman; Roy Brayton, Procles; M. T. Staitworth, Guard.

Ten pages will take the rank of esquire tomorrow night. The honor will be conferred upon them by Chancellor Commander Judge George Samuels.

## Oakland Orpheus Club Elects Its Officers

The Oakland Orpheus has entered upon the 1917 season with the following officers: Dr. H. P. Carlton, president; Ernest H. Johnson, vice-president; Phil S. Carlton, treasurer; Robert L. Lee, secretary; R. Benson Heath, librarian; Leonard D. Compton, historian. Edwin Dunbar Crandall has again been appointed director of the club and Mrs. Lowell Redfield will be the accompanist. Rehearsals are held every Monday evening in the Hotel Oakland, and all who are desirous of becoming members of the organization are invited to attend.

## Iowa to Vote on Statewide Prohibition

DES MOINES, Iowa, Jan. 30.—The house today adopted a resolution submitting to a vote of the people the constitutional amendment for State-wide absolute prohibition.

NEGRO SLAYERS CONVICTED. MINNEDOTA, La., Jan. 30.—Four negroes charged with killing John Nelson Reeves Christmas eve last, were found guilty today. The verdict against two of the negroes carries with it the death penalty.

## A TEXAS WONDER

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail receipt of \$1.00. One small bottle is two months' treatment, and seldom fails to perfect a cure. Send for sworn testimonials. Dr. E. W. Hall, 2828 Olive street, St. Louis, Mo. Sold by druggists.—Adv.

## WINTER SPORTS at TRUCKEE

Annual Fiesta of the Snows more popular than ever. Tobogganing, Ski-Running, Skating, Sleighing, Alaska Dog Teams.

Novel amusement and keen out-of-door recreation.

Spend a day or two in California's "Arctic Region," and enjoy these exhilarating sports. Only a night's ride from Oakland.

Round-trip Excursion tickets, with 8-day return limit, on sale every Monday and Wednesday during the season.

Greater reduction for tickets sold Fridays and Saturdays, with return limit following Tuesday.

Comfortable rooms and good meals at reasonable prices at Southern Pacific Hotel.

## SHIPBUILDING BOOM PERMANENT.

A survey of the shipbuilding industry on the Pacific Coast at the end of the present month shows that the value of new ships started and completed in 1916, now building or contracted for, is \$125,000,000. The total number of ships now contracted for is 138, seventy-five of which are over 3800 tons capacity. The plants of Oakland and San Francisco have gotten the larger share of this work. Most of the contracts have been let at high rates and some anxiety has been expressed in business circles as to whether the boom in shipbuilding will long continue. Reassurance on this score is to be gained from the fact that local shipyards have closed contracts for all the work they can complete during the present year and for much of 1918 and 1919. A significant feature of the contracts are the additions Norwegian and Swedish companies are making to their fleets of merchant steamers. They are aiming not only to replace the losses of the war, but to be in the position to operate more ships after the war than they did before. The Scandinavian ship operator is confident of his ability to capture and retain all of the shipping trade he can accommodate. He does not fear competition from any European country.

In this connection the prediction of Mr. Vidkun Johnsen, president of a large ship brokerage concern of Christiania and Bergen, who is now in this country, is interesting. Mr. Johnsen believes that the prevailing high freight rates will continue until after the war and that then the decline will not be as great as many predict, but that freight rates will rule relatively higher than at any previous period for several years. He bases this belief upon the deficiency in shipping facilities. In Europe estimates were recently made of the world's new tonnage for 1916, indicating a total of 2,000,000 tons. On the other hand, the losses of merchant tonnage during the last two and a half years exceed 3,000,000 tons. This loss refers only to vessels destroyed and excludes those interned in neutral and blacked in belligerent ports.

The confidence of those actively engaged in the shipbuilding and ship operating industries justifies the faith that the prosperity which new construction has brought to the Pacific Coast will prevail for several years and that the local plants will continue for all future time to get their share of the world's shipbuilding. They have become so well advertised that foreign builders will continue to have their merchant vessels built here, providing favorable economic conditions permit competition with European prices.

## HONOR WITH FAILURE.

General Pershing's army is coming home, official orders for the withdrawal of the invading force having been issued finally from Washington.

Much has been said of the utter failure of the expedition as a military enterprise. All that can be said on this point will be true. The single motive for which the army went into Mexico was to get Villa, dead or alive. Instead of getting him it gave the bandit leader new life and greatly augmented strength as a force for anarchy in Mexico.

But something must, in all justice, be said of the commander, the officers and men of the army of Mexican occupation. They as individuals did not fail. They succeeded in maintaining and promoting the splendid reputation of the American soldier to discharge his duties with honor and credit to the military service and to the nation. Inconceivable difficulties were in their way. To the naturally trying conditions of climate and quarters were added discontent, inevitably due to orders which prevented them from carrying out the enterprise on which they had started, and the knowledge that in their own country there would be many to charge them with the failure due alone to politics. In addition, they had to witness the treacherous murder of their comrades at Parral without protest and the assassination of the men of the Seventh Cavalry at Carrizal in bitter silence.

Notwithstanding these handicaps, General Pershing and his men are returning home acknowledged victors. They have succeeded in winning the respect of such of the hostile population as came into personal contact with them. They obeyed the letter and spirit of the orders of the War Department that they do nothing to increase the ill-feeling against them. They won a victory over themselves

and the inefficient system and methods of their own government. Full acknowledgment of this has been made by a Secretary of War who confesses unfriendliness to the military service.

But the personal victory of the soldiers is all to the credit of the Mexican invasion that may be claimed.

## PUBLIC SUPPORT SHOULD BE GIVEN.

Unstinted praise is due the Oakland Board of Education for its resolution to take the election of the new superintendent of public schools completely out of politics. In order to do this effectively it has invited a number of outside educators to join with several leading Oakland citizens to select a superintendent. The outsiders are the presidents of the State university, Stanford University and Mills College.

The aim of the school board is to engage for superintendent an educator of wide experience and proven success as an administrator of school systems. To do this it probably will be necessary to bring in an outside man. That will mean also the advantage of new enthusiasm and new ideas. Perhaps it will also be necessary to pay a larger salary than at present.

But both these projects, the outside man and the higher salary, should, if recommended by the committee, be given the unanimous approval of the parents, taxpayers and all others interested in the welfare of Oakland schools. It is of first importance that the highest possible standard be maintained in the schools.

The school system of Oakland is a big enterprise, involving the welfare of over 30,000 children. With the rapidly increasing population the school facilities must be increased, and at once. New schools will have to be erected and many new teachers employed. Unable to avoid this duty, Oakland can best prepare to discharge it by employing a superintendent of acknowledged ability to direct a large metropolitan school system, and the people should support the Board of Education in its policy of putting the best interests of the schools frankly above every other consideration.

The tidal canal was projected more than forty years ago, and primarily the establishing of an industrial district was not the inspiring motive. Colonel Mendell, the United States engineer at that time in charge of harbor improvement, devised the plan for the purpose of keeping Oakland harbor and the estuary of San Antonio clear. A part of the plan was a dam across the natural outlet of San Leandro bay that would let the tide in, but automatically close as it turned, forcing the water out through the canal, which was expected to scour the harbor and the estuary. This dam detail has been abandoned and the original idea of the canal lost sight of in the phenomenal growth of new industries along the canal banks. It will be but a very short time until all sites are occupied. It is said that all that are available have been taken already. Few waterfronts about the Bay of San Francisco lend themselves so perfectly to manufacturing purposes as do those of this waterway and its outlets.

The failure of the recent leasing project, by which the city of Oakland was in a way to get a great stretch of its useless waterfront improved and its commercial importance thereby mightily enhanced, is attracting wide attention. Perhaps it will not be absolutely unproductive of good. It may lead to investigation of the opportunities here for commercial enterprise—opportunities that may not have been generally understood. But, even in such an event, the enterprise that is worth having will have to be encouraged by a hospitable spirit, one that is not eternally warped by a fear that those who are willing to spend their money, employ their energies and devote their time are going to make something out of the venture.

It is timely again to say that the general understanding was not that the Auditorium was to be rented for the purpose of commercial amusement enterprises. Rather, that it was erected to accommodate large free convocations of a nature that found inadequate accommodation in halls maintained for rent. It was also designed to encourage the holding here of State, national and even world conventions. There is no justification for leasing the public auditorium to showmen on a representation that the public is to be afforded entertainment that it could not otherwise enjoy. And, of course, the leasing of it exclusively to one amusement caterer affects others not enjoying the same privilege, which is entirely inequitable.

## NO WORKINGMEN'S HOMES.

(San Francisco Daily News.)

An "expert survey" is never a pleasant thing for the vanity of any city.

Almost any stranger can walk into a city and find a few things to criticize. But an "expert" can find a lot of things that are all wrong.

A couple of days ago the men who are conducting a survey of San Francisco for the Chamber of Commerce discovered a situation which even the most baneful resident must at some time have found out.

It is simply this: "There are no homes where a workman may settle down and become a houseowner at small payments per month. The surveyor announces: 'That only can homes be purchased in places where the costs are too great for the workman.'"

And yet there are thousands who wonder why so many commute! There are those who become indignant at the thought of thousands making their salary on this side of the bay and paying their taxes on the other!

They do not stop to remember that those thousands may be buying a little home on the other side; are getting a chance for a little garden and a place for the youngsters to play around.

It is not the commuter who is to blame for this situation.

San Francisco is not offering its workmen suburban homes at a reasonable price.

If San Franciscans want to keep those who labor here as twenty-four-hour-a-day residents they should cooperate to remedy this situation.

# NOTES and COMMENT

The Rev. Mr. Sibley says that what is needed is "moral hygiene." He might have made it "moral hygiene" without violence to scientific terms.

The fact that they are building a railroad out to the stranded H-3 shows that the effort to get there with the Milwaukee was not well calculated. It doesn't seem to be a water job.

Pessimistic extract from the Chico Enterprise: "As has been remarked in these columns once or twice already, the San Francisco Normal is not yet established at Harbor View."

The Dutch still have possession of Holland, but they have their troubles. The Germans demand the sugar crop as a condition of furnishing beet seed. Holland is between the deep sea and Germany.

As to Mayor Tolph for Governor, the Rev. Paul Smith says: "May I venture in a very delicate way to point out to Mayor Tolph that he has a magnificent opportunity?" And there you are.

Colonel Roosevelt calls the President's proposition "a copperhead pence." The Colonel can always be trusted to characterize the thing that he doesn't fall in with in the most pointed fashion.

The Colorado National Guard has been presented with an armored car. They took it out and tried it and the bullets went right through. By the way, whose idea was it that the Colorado National Guard needed an armored car?

The grand jury may go as far as it likes into the charges that policemen have touts the sale of oil stock in the tenderloin among those not in a good position to refuse. It is a sort of business upon which too much light cannot be shed.

The news that Oregon is ready for the passage of a "bone dry" law causes some speculation as to the kind of law that has been in force there. The idea had been quite prevalent that it was already quite pronounced in its desiccating qualities.

Commercial item from the Nevada City News: "State of Washington is to import 5000 cats to exterminate the gophers. Nevada City is not retailing cats, but Washington can use forty or fifty carloads of tabbies, all good singers, we can ship immediately."

The Hanford Sentinel takes a chance with less majesty in this: "Photographs of our next governor indicate a personage probably less forceful than his predecessor, but a whole lot more tactful in the promotion of harmony. California can get along with a little more harmony and a little less bossism."

The Santa Ana Blade has located a mysterious personage: "Now we know what has become of that famous Mole St. Nicholas correspondent who always was hearing 'heavy firing to the westward.' He is located at Marysville and has just sent out that bromide about the ducks being frozen into the ice on a pond."

The Marysville Appeal holds there is something in a name: "Chris Papaniopolous yesterday was granted naturalization. Chris may be a first-rate American citizen—and we believe he is—but his name will never be as popular with Americans as baseball, for instance."

## SPIRIT OF THE STATE PRESS

It is therefore evident that if the people of California were to declare a holiday for the next thirty days and spend all their time doing nothing would not be able to pending bills, they would not be able to do anything with that literary treat before the legislature will be in session again.—Humboldt Standard.

Miss Caroline Schlee, of the State Housing Commission, of Marysville. We never were more glad to see anybody come to Marysville than Miss Schlee. She's the young woman who made that famous housing report of Sacramento for the Sacramento folks. And it was report that started Sacramento toward light. And she doesn't know anybody in town and everybody looks alike to her.—Marysville Appeal.

In one of the files of this paper published in 1886, an enterprising Hawaiian merchant boasted of his superior freight advantages and his quick service in the matter of transportation of goods from Los Angeles to the new mining camp, and the display line of his ad read: "Mule Teams vs. Cox Teams."—Bakersfield Californian.

Senator Irwin has introduced a bill to reclaim permanently the Tulare lake lands. It seems to be a thoroughly practicable proposition, provided the people in the counties drained by Kern and Kings rivers will make the water right. The bill serves for irrigating those lands instead of flooding the Tulare lake region in the spring.—Hanford Sentinel.

At a special election held in Gustine the proposition to purchase the sewer system and waterworks from the Miller & Lux corporation was favored by an almost unanimous vote. Two separate propositions were submitted, one to vote bonds in the sum of \$12,500 to purchase and improve the water system; the second to vote bonds in the sum of \$15,000 to purchase and extend the sewer system. Each carried by a vote of 65 to 6.—Patterson Irrigator.

If Enoch Arden now returned From tropic islands fair, To find another man ensconced Within his morris chair, He could not with a broken heart Report to lands afar, But he would copyright himself And be a movie star.

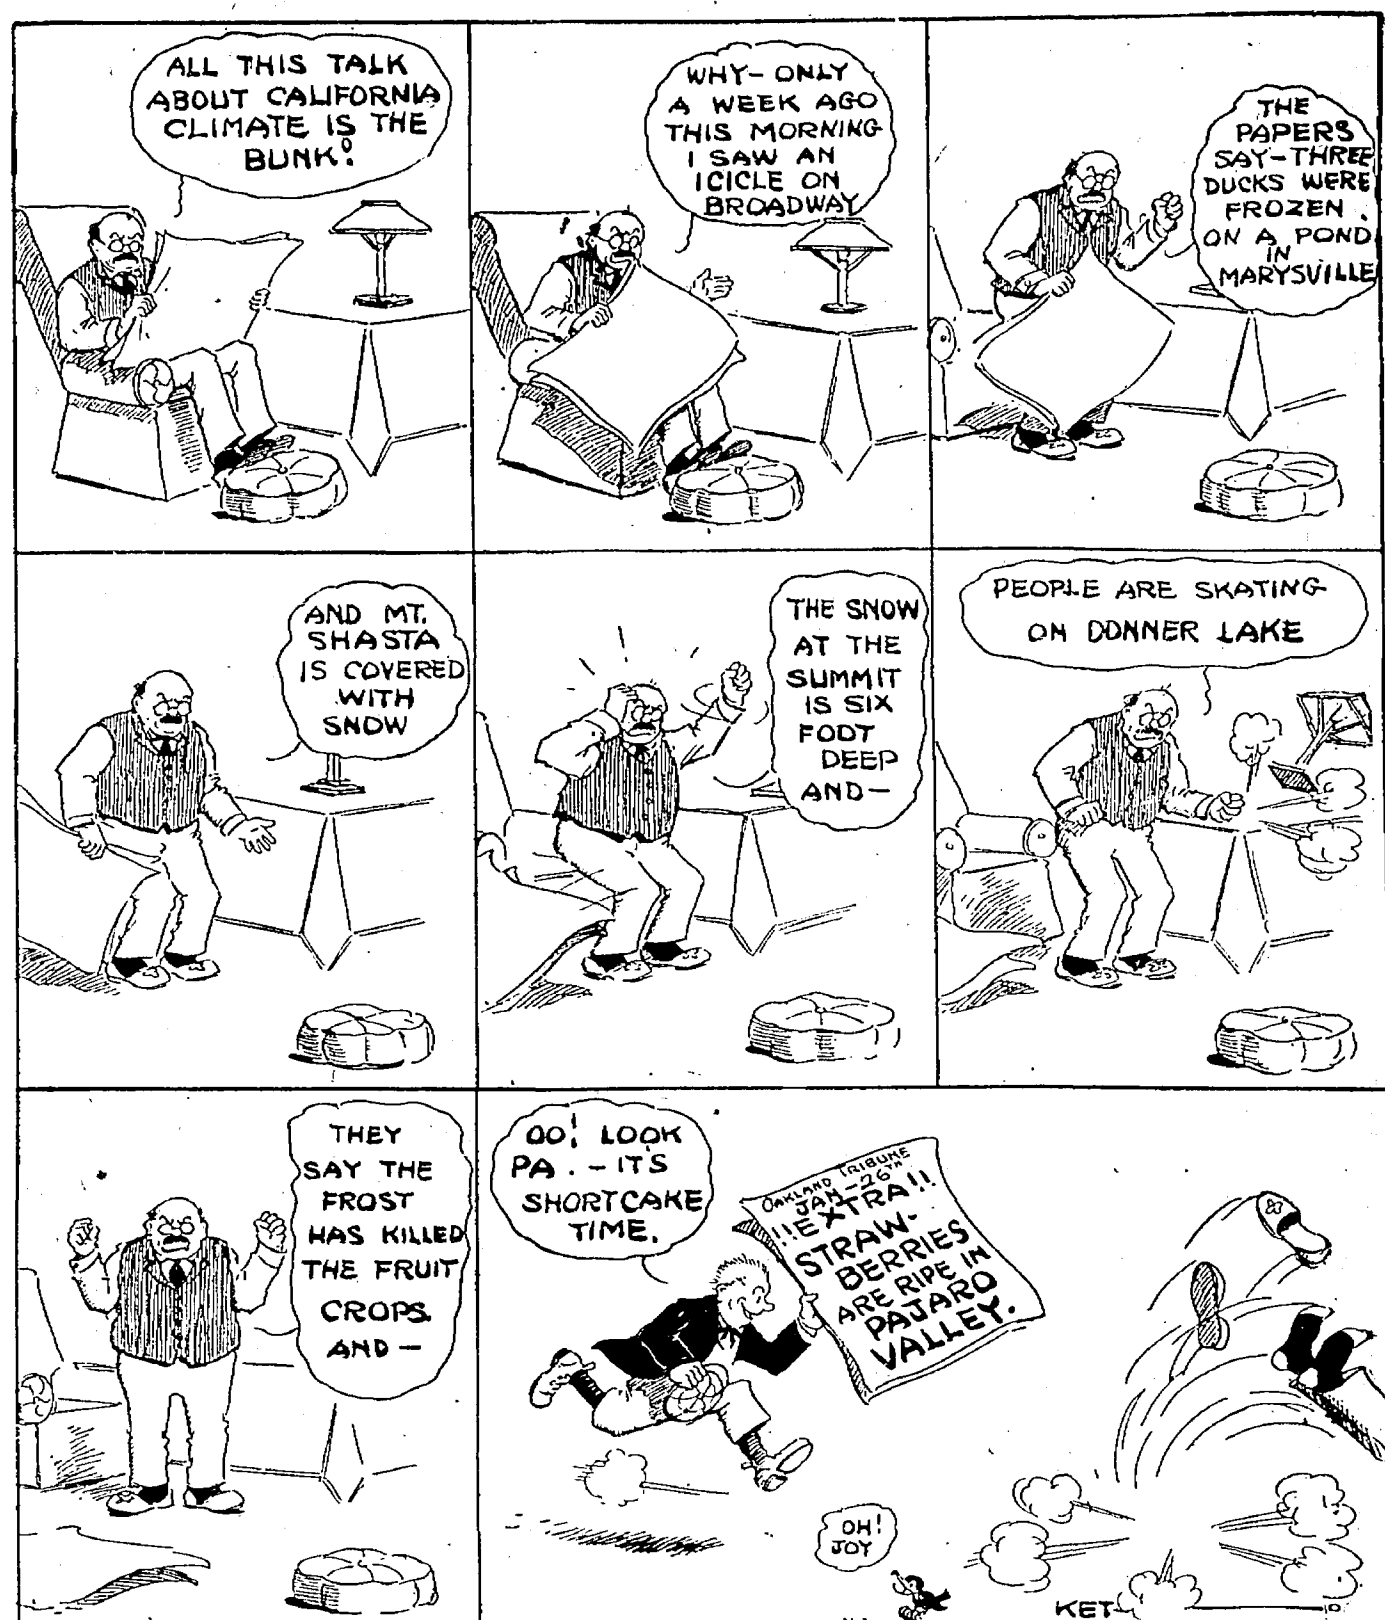

If Washington, Marc Antony, Columbus of old Spain, Napoleon and Attila Were back on earth again, With Cicero and Socrates These followers of Mars, Philosophers and sailors bold, Would all be movie stars.

MINNA IRVING

In New York Sun.

CAN'T MOBILIZE MILITIA. Switzerland has ordered further mobilization of her army. Great thing sometimes to have an army to mobilize.—Baltimore News.

## THE PROOF OF THE PUDDING—

## THE FORUM

The Editor of The Tribune disclaims responsibility for opinions and statements expressed in this column. Brief contributions on current topics of general interest are welcome. They will not as a rule be printed unless accompanied by the name of the writer, which, if desired, will be withheld from publication.

## THE MARKET COMMISSIONER.

To the Editor of The Tribune:

I note with great interest in reading your issue of January 17 that Mr. Milton Marks of San Francisco, the youngest member of the legislature, has rushed to the defense of our esteemed market director, Mr. Weinstein.

I would respectfully call Mr. Marks' attention to the report of the market director to Governor Johnson, in which he admits that he has been unable to carry out the provisions of the State market act now in existence, because he was not in sympathy with the act as passed by the Legislature; that in his opinion "the state should not engage in the actual business of selling by commission or otherwise" as provided for in the State market act, and under which Colonel Weinstein accepted the appointment of market director. Under the State market act under which he is now working he is given great powers.

Section two of the act says: "The State Commission Market shall be under the management and control of a governing body of one person." Section four provides: "The commission market director shall make all necessary rules and regulations and change the same when necessary, for the operation and carrying on of the State Commission Market, and shall print the rules for free distribution to all persons who wish to avail themselves of the privileges of the market, whether buyers or sellers."

Section seven provides: "The director shall have power to rent, lease, occupy and use all such lands and buildings as may be needed, and may provide a sufficient force of officers, clerks and other employees as may be deemed necessary."

He is given authority to appoint his secretary, who shall hold office at his pleasure, and shall perform such duties as he (the market director) shall prescribe. The salary of the secretary shall be \$3500 per annum. He is allowed to fix the salaries of all other officers or employees. Nowhere in the bill is any mention made of the employees of the State market director being subject to civil service regulations. This is a most unusual custom.

I would like to inquire of Mr. Marks if he does not think the above indicates enough power for one man to have. There are many people who are asking why Mr. Weinstein did not use the powers given him under the existing State market law.

If Mr. Marks is a really sincere and conscientious official, with an eye to protect the interests of the people who elected him to the Legislature, I am sure he cannot consistently ask the people to appropriate \$35,000 of the people's money to establish so-called "free markets" after a careful perusal of Colonel Weinstein's report to Governor Johnson, from which I quote, page 67, under "State and Municipal Markets." He says:

"There are, of course, many who honestly believe that most of the market of the consumer, as well as of the producer, would be solved if the State market director were to establish 'free markets' in the principal towns of the State. They overlook the fact that no State intervention or assistance is necessary for establishing such markets wherever desired."

And further along in the report, same page, he says: "Such markets were in existence before the State market law was passed, without State aid or direction, and they will continue to be organized from time to time quite independent of the State market director."

He further says on the same page: "I do not regard them as a panacea for market ills, as they touch the barest fringe of the problem."

Mr. Weinstein is right. So-called "free markets" barely touch the fringe of the problem. In the face of this statement to the governor, in the new bill which Colonel Weinstein has framed and which Mr. Marks defends, in section two thereof the market director is established:

"To make, manage and operate 'free markets' and auction markets, owned and or supervised by the State." How inconsistent to ask the State for an increased appropriation in order that he may establish markets which he admits in his report to the governor barely touch the fringe of the great food problem over which we are all agitated these days.

We have a very good State market act now. The complaint many people have in regard to it is that the State market director has not enforced it. As to increasing his powers, why that would be very foolish, indeed. Too much now is left to his discretionary powers. If our present State market act was enforced it would materially reduce the high cost of living and be a great boon to all the people of the State. It would protect producers, and automatically protect the consumers.

As it is, the State market director has used the office created for the purpose of organizing the producers. Now, that is all right so far as it goes, but it does not go far enough. The State should act as an umpire between the producer and the consumer. As it is, the producer has been protected and the consumer has been left to the mercy of the middleman, who so long has robbed both producer and consumer. There are three million consumers in this State and they all contributed to that appropriation of \$25,000, which, if it had been conscientiously used in the establishment of State markets, would have been a start in the right direction.

In view of the above facts, it would seem to me to be the duty of every citizen anxious to reduce the high cost of living to write our legislators to kill Senate bill 86 and Assembly bill 325.

MRS. W. T. CLEVERDON,  
Chairman Citizens' Committee of  
Berkeley, Cal.  
January 27, 1916.

## CARRY YOUR OWN BUNDLES.

The census bureau at Washington has just completed an investigation into the cost of delivering the necessary commodities of life. A preliminary survey of the subject, published on December 13, shows that in Washington the cost of delivery is about 8 per cent of the retail price. Doubtless it is higher in other cities. The pavements, the distances and the habits of life in the federal capital make relatively cheap delivery possible.

In New York or Chicago the cost of delivering the things that most people buy is doubtless heavier. One of the large department stores in New York has informed us that their average expense of delivery even in the busiest times is 7 cents per package and that the selling price of the average purchase is less than a dollar.

This would about bear out the conclusion of the census department. In the West some stores are offering a cash discount to those customers who will carry their purchases home and it would be well if this policy were introduced throughout the country. There is a great deal of false pride about the American aversion to carrying bundles and it is becoming evident that the gratification of this pride adds a very substantial sum each year to the cost of living in the United States.—Chicago Evening Post.

"Isn't the years of a man's life that matter, but the manner of living them. The length of the thread is no part of our labor—only the spinning of it.—Eden Philpotts.

## TODAY 20 YEARS AGO

A meeting will be held this evening in Judge Chitt's courtroom to discuss the movement to annex Piedmont, Golden Gate and Temescal to Oakland.

The Taxpayers' party renominated John L. Davis for mayor.

Establishments in Oakland and elsewhere throughout the state where hypnotism is administered in a medical way are to be suppressed, if a bill introduced by Senator Shippee becomes a law.

C. Henry, one of California's early settlers, is the latest candidate for mayor of Oakland.

## THE JESTER

Temerarious the Tenor.

Roy Jones, he of the tenor voice, took chances and visited in Durango this week.—The Silverton (Colo.) Standard.

## Disillusioned.

"I wish I hadn't seen my doctor trying to play golf."

## "Why."

"I had so much confidence in him at one time I imagined he could do almost anything well."—Birmingham Age-Herald.

## Modest.

She—That scar on your head must be very annoying.

He—Oh, it's next to nothing.—Columbia Jester.

## Impartial.

"I hope you are not one of those men who go home and find fault with the dinner."

"No," answered Mr. Growcher: "my wife and I eat at a restaurant, where we both can find fault."—Irish World.

## Some of It Distributed.

It is pleasant to read of a "hack driver" falling heir to a fortune. It shows that the chauffeurs aren't getting all the money.—Pittsburg Chronicle-Telegraph.

## PEOPLE OF THE WEST INDIES.

When the ship was coaled the workers were sometimes men, sometimes strapping women as strong as the men, who chattered and sang as they toiled, while their white teeth flashed in their dark faces. Queer fishing craft, sometimes with russet sails, danced over the foaming combers which broke the azure of the deep. Flocks of tall, slender, swarthy men, dressed in the shining tunics, their fringed tops thrusting endlessly in the trade-wind. On the edge of the blue ocean, at the foot of brilliant green mountains, half-hidden in the tropic vegetation, stood little towns, clusters of low, red-roofed houses. After nightfall the town gallants sat at small tables on the sidewalks outside the taverns or under the trees in the open squares. Powerfully, finely built black women and little, comely brown women strode along the paths and highroads, erect and supple, all their burdens great or small, poised on their heads. Sometimes these burdens were extraordinary because of their bulk or weight, at other times they were comely because it seemed incredible that such small or peculiar objects should not be carried in the hands. For instance, we saw a woman carrying on her head a solitary white shoe, and another time, of all things, a single egg.

In all the islands legal and political discriminations based on color have been done away. In some the social discriminations are giving way. In others sharp social lines are drawn not only between white and colored—as all shades of cross-blood are called—but between colored and black. The whites everywhere composed most of the upper class, although it also included many of the colored. The colored folk made up most of the middle class, and just as they extended into the class above them so their class was entered by the blacks below them; and the bulk of the laborers, in the towns and especially in the country, were blacks, although many were browns.—Theodore Roosevelt, in the February Scribner.

## VICE RULES RESTRICT CAFE DANCES

Criticism Causes S. F. District Attorney's Office to Prepare to Prosecute All Violations of Redlight Abatement Act

Special Police Detail to See Lids Kept Down; Social Workers to Aid Rehabilitation of Underworld Women

**TRIBUNE BUREAU**  
683 MARKET ST.  
SAN FRANCISCO, Jan. 30.—Following the charge made by the Rev. Paul Smith, head of the "vice crusaders," that District Attorney Fickert was responsible for the immoral conditions in San Francisco because of his refusal to prosecute violations of the redlight abatement act, Assistant District Attorney James F. Brennan has announced that prosecutions will now be made, whenever evidence is obtained, either by the police or by individuals. The announcement was made after a conference between Smith and Brennan.

New rules promulgated by the board of police commissioners last night prohibit dancing on Sundays and restricts dancing on week days until after 6 in the evening in all places where liquor is sold. No dancing will be allowed in the uptown tenderloin district and no woman without an escort may enter any cafe in the district bounded on the north by O'Farrell, on the west by Larkin, on the south by Market and on the east by Mason.

**DETAILS FOR CAFES.**  
Chief of Police White was instructed to appoint a special detail of one sergeant and three patrolmen whose duties shall have exclusively to do with cafes and restaurants. The commission revoked the license of the Lamb's cafe, 108 Mills street. In other cafes all curtains and doors shall be removed from all boxes and booths in places where liquor is sold. No mention was made in the resolution of parlor houses, but President Theodore Roche announced that Chief White will immediately close all such places and prevent any resorts of the kind from operating in the city.

The Portola-Louvre, Rector's, Red Kella and the Odeon are not within the boundaries of the district within which no cafe where liquor is sold will be permitted to have dancing.

The cases of cafes outside the restricted district said President Roche, "will be taken care of as the individual needs arise. We do not think it would be wise to extend the limits of the district we have laid out."

### TO WATCH DANCE PLACES.

The special police detail to be appointed by Chief White will be required to work all over the city, visiting all places where dancing is allowed by permit. This means that they will have to report on the "nickel dance" halls as well as the cafes. They will also be expected to inspect billiard and pool rooms and all Greek restaurants where music and the sale of liquor are permitted.

President Roche has requested the mayor to name three prominent social workers as members of a commission to aid in the rehabilitation of women of the underworld who will be without means of livelihood following the enforcement of the new police regulations.

## Poisoned Needle Gang Is Sought; Woman Has Clew

MRS. MYRTLE BERTA, Oakland woman, who was victim of poison needle experience in San Francisco.

### Motion Picture Theater Is to Be Watched for Further Operations

Was Mrs. Myrtle Berta, pretty 17-year-old wife of Harry Berta, 1260 Eighteenth avenue, the victim of a plot in which a poison needle, a beautiful woman, several mysterious men, and a secret apartment, were intended as preludes to a daring attempt at kidnapping?

The police, at first skeptical of the story which the girl told of her two days' aphasia in San Francisco, beginning this morning the story of her spell in a motion picture playhouse, have become convinced that Mrs. Berta had a narrow escape from some mysterious agency. Today detectives are busy on both sides of the bay running down the story of her girl, whose mind is now clearing from the unknown drug which she says was administered to her.

Still hysterical and dazed from the results of her experience, she told again this morning the story of her trip from Colma to San Francisco with her husband. In San Francisco's uptown district they separated, Berta

to attend to some business matters, the girl to while away a few hours and meet him later at the ferry building.

Admiringly, she says, she strolled down Market street. The glaring poster in front of a motion picture theater caught her eye. She went inside the theater, taking a seat midway from the front and about four seats in from the aisle. The name of this theater Mrs. Berta has given the police, who are guarding it as one of the clues in the final solution of the case.

**MYSTERIOUS WOMAN ARRIVES.**  
A few minutes after she took her seat, says Mrs. Berta, a beautiful woman, stylishly gowned, came and sat beside her. The girl paid no attention to the woman, who fumbled with a traveling bag or heavy purse which she carried. Then, with her eyes on the movie screen, says Mrs. Berta, things suddenly went red before her vision. She attempted to rise to her feet and became violently dizzy. She staggeringly swayed on her feet, the stylishly dressed woman catching her and aiding her from the theater, the open door of an automobile, and then blackness and utter loss of memory.

Two days later the young matron awoke in a strange apartment. The woman of the theater was sitting at the foot of the bed on which Mrs. Berta was lying, smiling at her. The girl, terrified, says she jumped out of the bed and dressed hurriedly, the woman offering no protest. She was still dizzy from the effects of some mysterious agency, but, nevertheless, in that condition, attempted to get away. Staggering giddily to the foot of the stairs she found the woman at her elbow, she says, aiding her.

In a semi-conscious condition, she made her way to the ferry building, there to get a boat and train to her home on this side of the bay. Her husband, frantic with fear, had been to San Francisco several times in an effort to locate his wife. Sunday afternoon Berta, returning from his last trip, saw a woman's figure lying on his doorstep. Picking the woman up, he discovered it was the unconscious form of his wife. He carried her inside and summoned a physician. Under his ministrations the girl recovered sufficiently to tell a portion of her tale to the police, to relapse again into unconsciousness.

**SEVERAL ATTEMPTS MADE.**  
That more may lie behind the matter than was at first believed is indicated today by the husband. Recently on several occasions, he says, men have fogged his wife in motion picture theaters in an effort to get next to her. Twice it appeared to be the same man. Mrs. Berta herself has been under the impression that she has been constantly shadowed at different times, but could not locate the person. She is a very pretty woman and of a striking type and Berta is of the opinion that a determined attempt has been made to get possession of his wife.

Berta is firm in his declaration that a poisoned needle was responsible for his wife's condition. The police declare that some powerful anesthetic, used in an atomizer, might have accomplished the same purpose, and on this theory are combing drug stores on both sides of the bay for clues of this nature. Police activity has been further stimulated by the case of Mrs. Irene Noel, an attractive young matron of 312 Ventura street, Berkeley, who left

## NEXT PEACE MOVE IS UP TO KAISER

Wilson's "Peace Without Victory" Terms Expected to Open Way for Marked Concessions by the Germans

Emperor to Answer Speech of President in Official Letter. Is Now Declared; Terms Are to Be Discussed.

**By Robert J. Bender,**  
United Press Staff Correspondent.  
WASHINGTON, Jan. 30.—The Kaiser's next move toward international peace—considered one of the critical steps in peace developments—was anxiously awaited today.

Berlin dispatches carried yesterday by the United Press that the German government was to send Ambassador Bernstorff a statement in answer to President Wilson's Senate speech aroused the greatest speculation here. If this proposed statement is phrased in certain more agreeable terms as to Germany's present situation, in other words, if it does not "harp too much on victorious German arms," as an official puts it today, it is declared the message will do much to advance the peace movement.

Unofficial reports which have reached this country daily during the last week have led those close to the President to believe the "Wilson peace without victory" suggestion offers Germany's ruling house a big opening to come through with the most "lenient" terms and still not appear to humble itself before the world.

A "peace without victory" will enable Germany, it is believed, to offer terms securing in many ways with those laid down by the Entente. Advance information indicates that Germany will support the President's peace arrangement as regards freedom of the seas, an autonomous Poland, the yielding of Belgium, Serbia, Montenegro, Rumania and northern France, in compliance with the President's suggestion that small nations should have the same privileges of self-government as large and should not be subject to being buffeted about from power to power.

## HERBERT BROOKS TO BATTLE GROWD

Celebrated Magician to Be the First "Display" in Tribune Branch.

Thursday is to be "Herbert Brooks day" in the new TRIBUNE Branch. Herbert Brooks, modern wonder-worker, and famed as one of the greatest manipulators of the world today, will be "boss" of the great glass show window in the new San Pablo office of the TRIBUNE. The big event will come off at 12:15 sharp at the new branch, 1422 San Pablo avenue.

Just what Brooks is going to do even The TRIBUNE does not know yet. May be he will let them look him in a steel cage, his rope him, and then make his escape. Maybe he will stay in an air-tight box where, doctors say, no man can possibly live. Maybe he will do the Hindu rope trick, climbing a rope into a cage where he is to be killed. He is the only man who can do this.

At any rate, the Pantages star will be the first display in the window of the new TRIBUNE Branch, and will offer something sensational in the extreme. The details will be announced tomorrow after Brooks has "consulted the spirits," or whatever it is that aids him in his feats of magic.

The window of The TRIBUNE Branch will be a stage for an impromptu performance by the great magician, when he will perform a daring challenge feat to be announced tomorrow. He is the only man who can "live in a vacuum," a trick that has astounded scientists and is one of the original helpers of Anna Eva Fay. He is appearing this week at the Pantages.

The new TRIBUNE Branch, 1422 San Pablo avenue, will be the place. The time, 12:15 (noon), Thursday. Full announcement tomorrow. Home several days ago to go on a shopping trip to San Francisco. She did not return home when expected. Three days later she too returned home in a dazed condition. She has been found wandering around in the ferry building in San Francisco without any recollection of where she had been or what she had been doing. The police believe a similar method was employed in her case as in the Berta matter.

**TRIBUNE Branch**  
Office now located at  
1422 San Pablo Ave.,

## LOT GARDEN TO BATTLE WITH H.C.L.

Citizens to Plant Potatoes in Vacant Lots to Reduce Expenses; Committee at Work on Details of H. C. L. Plan

Supervisors to Be Asked for Plows and Teams to Begin Operations; Children Will Be Enlisted As Garden Soldiers

The committee of citizens which has undertaken the problem of supplanting unsightly vacant lots with gardens wherein foodstuffs may be raised to the discomfort of the high cost of living, held a meeting last night at the home of Mrs. H. J. Potts, 3347 Park boulevard, at which definite plans were laid for the work outlined.

Among the purposes of the committee is the control of vacant lots in all parts of the city for planting purposes only. Already seventy-five such lots have been listed and secured by the committee for its preliminary work. Under the plans as outlined last night, the land will be planted in potatoes under the direction of experts—the crops to belong to the adjacent householders.

The committee will go before the City Council and the Board of Supervisors with a request for plows, teams and other assistance to enable them to properly turn over the soil for planting purposes. It is anticipated that the resultant crops, which will result from the bulk of the city's vacant lots, properly planted, will break the present market price of potatoes and similar commodities and reduce living expenses.

Headquarters for the committee have been established at the E. R. Vander Maillen School of Engineering on Telegraph avenue. The main committee, which consisted originally of twelve members, will outline its campaign of publicity and planting from this point. School children will be asked to participate in some of the planting events, where they will be taught practical gardening.

The officers of the potato committee consist of Mrs. H. J. Potts, president, and B. R. Douglas, secretary.

## WOMEN TO TELL BELGIAN NEEDS

Hotel Oakland Will Be Scene of Interesting Lecture Course.

This evening in the south room of the Hotel Oakland there will be an interesting gathering for which a general invitation is extended to the public on behalf of fatherless children of Belgium. Miss Ellnor Fels, an Englishwoman, who has at heart the cause of the allies, and Florence Scofield, who for twenty-five years has resided in Paris, will be the speakers.

Ten cents a day will support a mother and child of Belgium. Photographs of the women and the children will be shown and an opportunity given those present to adopt by a pledge of this small sum for a particular mother and one of these little families. No luxuries are allowed in the daily allowance but still a child and its mother can be made comfortable and kept from dire need.

### Church May Run for Governorship

WASHINGTON, Jan. 30.—Representative Denver S. Church of California will not seek re-election to congress in 1918 but has made no plans to enter into the gubernatorial race two years hence, he said today. However, if the Democrats really want him and think he can win, he "might run," he added.

### B. AXEL OVLEN TAILOR

Gentlemen's correct styles for Spring, 1917, now being shown. Your inspection is most cordially invited.

Commercial Bldg.  
12th and Broadway, 3d Floor,  
Oak. 2429.

## SPRING VALLEY SEEKS TO RAISE WATER RATES

Application Is Made to Rail Board; Expenses Are Set Forth

SAN FRANCISCO, Jan. 30.—Claiming that a return of only 3.53 per cent is being received on the corporation investment, the Spring Valley Water Company this afternoon filed with the state railroad commission an application for permission to raise the present rates in San Francisco. This action follows closely on the recent refusal of the commission to allow the company to install water meters in the city.

In the application it is set forth that the Spring Valley Company expects to expend during the next five years \$12,000,000 in additions and betterments to service. It is stated that the corporation was organized with a capital stock of \$25,000,000 and the company value, the properties used and usable in supplying San Francisco with water is \$50,000,000. The company states that 8 per cent would be the fair return on the investment.

## What I'm doing TONIGHT

Civil Service Board meets, City Hall. Merchants' Exchange meets. Professor A. L. Kroeber lectures, Fremont High School. Community Orchestra concert, Technical High School Auditorium. Benefit performance by Sir Galahad Club, Starr King Hall.

Dinner to men of First Methodist Church, Alameda.

Lectures for the fatherless children of France, Hotel Oakland, 8:15 p. m.

Basketball game, Harmon Gymnasium, Berkeley, 8.

Benefit entertainment for St. Peter's Choir, Vernon-Rock Ridge Improvement Club, 8.

Peter's Choir Fund benefit entertainment at Vernon-Rockridge Club to night. Speakers, Austin Lewis and Rev. F. W. Clappett.

Providence Hospital fund raising committee meets, Hotel Oakland, 8:30 p. m.

Orpheum-Phyllis Neilson-Terry and vaudeville.

Macdonough—"The Trail Holiday."

Maunages—Imperial Military Orchestre.

Columbia—"The Passing Show."

Bishop—"He Comes Up Smiling."

T. D. D.—Fannie Ward in "Betty to the Rescue."

Franklin—Frank Keenan in "The Bride of Hate."

Kluener—Nashova in "War Brides."

## What I'm doing TOMORROW

Art exhibit, Auditorium.

A. W. S. hold open house, Hearst Hall, Berkeley, 4 p. m.

C. A. Koford lectures, Sixma XI Faculty Club, U. C., 8 p. m.

Franklin—Imperial Military Orchestre, East Oakland Woman's Club, 1920 East Seventeenth street.

Albino De Mar, formerly a nurse of the West Oakland Home, was this morning sentenced by Judge F. B. Ogden to six years at San Quentin.

Miss De Mar, prompted, it is alleged by jealousy, fired five shots at Mrs. Rose Borden, at that time matron of the home, seriously injuring her. The defendant pleaded for probation but the court imposed the sentence, remarking that it was necessary for the effect of others.

## TAFT & PENNOYER COMPANY

**Remarkable Reductions on Silk Umbrellas**

The season so far has been so free from rain that we have decided to dispose of some of our umbrella stock at really remarkable cut prices. These umbrellas are absolutely new and of the best workmanship, latest style and handsomest finish throughout.

OUR \$7.50 UMBRELLAS ARE NOW \$5.45.  
OUR \$9.50 AND \$10 UMBRELLAS ARE NOW \$7.45.  
OUR \$15.00 UMBRELLAS ARE NOW \$10.50.  
OUR \$20.00 UMBRELLAS ARE NOW \$12.50.

Splendid values in lower priced umbrellas are represented in the following:

Men's umbrellas are priced from \$1.65 upward.  
Ladies' umbrellas are priced from \$1.35 upward.

Umbrella Section—First Floor.

### Fine Values in Ladies' and Misses' Raincoats

\$5.00 \$6.75 \$9.75  
\$16.50 \$18.50 \$35.00

Rubberized tweeds and satins, cravenettes, oiled silks and "Silver-reigns" comprise the majority of materials.

There is a good variety of sizes and colorings. The prices mentioned above are the principal ones although there are many intermediate ones.

We call special attention to a line of rain coats for misses priced at \$5.00 each.

Ready-to-Wear Section—Second Floor.

### Valentines! Valentines!

A larger line than ever before awaits your inspection. Valentines of all classes and grades are shown at very attractive prices and in many dainty forms.

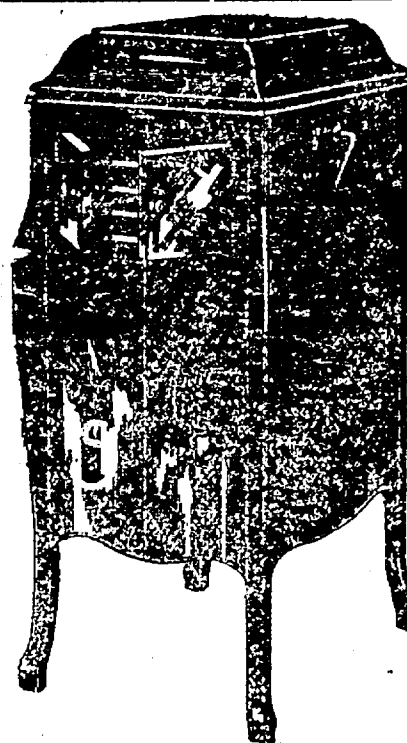

Valentine hearts and figures are priced from 1¢ to 25¢.  
Valentine drops are priced at 5¢ each.  
Valentine cutouts and silhouettes are priced at 10¢ package.

A large line of cotillion favors have been specially marked at 10¢ each.

A splendid variety of party caps and favors of all descriptions are offered at a great range of prices.

Stationery Section—First Floor.

One More Day Remains in Which to Take Advantage of the January Stock Reduction Prices. Extra Force on Hand Tomorrow.

# 'EKS' EXPOSITION

## Policy Will Protect the Gate Receipts Against Rain or Mishap.

BERKELEY, Jan. 30.—The Berkeley Elks have applied to Lloyd for an insurance policy of \$100,000 to cover the loss or injury to box receipts by rain at the time of their annual exposition on the grounds of the Elks club, Thursday, Friday and Saturday, February 2, 3 and 4.

Unusual interest in the exposition has been manifested by a large number of citizens, non-members as well as members, and the idea of insuring against damage by rain is one of the large expectations of profits that are entertained by Dr. H. N. Lloyd, president of the Elks club.

Every sort of entertainment will be furnished for the patrons of the exposition. One of the principal features of the exposition is the display of the Panama-Pacific International exposition, which is the largest and most successful of the three-day event.

Besides this several local organizations, such as the Sea Gulls and the Sea Diggers will play a prominent part in staging the various attractions.

By the way, the city's activities will in some manner be represented in the promotion of the three-day event, which is the largest and most successful of the three-day event.

On Thursday afternoon, the first day, Mayor Irving will officially open the exposition.

After the opening, the program by President E. P. Loudeck of the Berkeley chamber of commerce and Dr. H. N. Lloyd, president of the Elks club, will follow.

At 7:30 o'clock the evening Winfield Schmidt, one of the best known residents of this city, will be crowned King Carnival. Immediately thereafter the zone will be thrown open and the merriment begins.

# DISTANT QUAKE MOST SEVERE IN TWO YEARS

## Tremor in Europe or Asia Lasts 1 Hour 20 Minutes

BY ASSOCIATED PRESS  
LEARNED WIRE TO TRIBUNE.

WASHINGTON, Jan. 30.—A very severe earthquake, the most severe which occurred more than three hours, occurred during last night, centered about 5000 miles from Washington. So severe were the shocks when they reached the maximum intensity that the recording needles of two of the four seismographs at Georgetown University observatory were thrown off the scales. These maximum shocks were recorded on the vertical seismographs at 10:25 and 10:26 o'clock last night. The tremors did not die away until 12:53 o'clock this morning. The first shocks were recorded on the instruments at 9:47 p. m., eastern time.

BY UNITED PRESS  
LEARNED WIRE TO TRIBUNE.

CLEVELAND, Ohio, Jan. 30.—The seismograph at St. Ignace last night recorded the most severe earthquake in 100 years. The tremor began at 10:10 p. m., reached its maximum at 10:25 and ceased recording at 12:53 a. m. The earthquake apparently was about 7000 or 8000 kilometers distant, which, he said, might place it in Europe or Asia.

BERKELEY, Jan. 30.—The seismograph at the University of California last night registered the longest earthquake in its history. It was announced today. The tremor began at 6:56 and lasted until 10:40 p. m.

The direction was from north to south. It estimated the distance of the disturbance was 3500 miles distant.

SEATTLE, Jan. 30.—A clear earthquake was recorded on the University of Washington seismograph last night. A study of the volcanic blow-out, probably 1600 miles distant, in Alaska, followed an eruption.

# Colonel Bishop to Be Brought to S. F.

## YUMA, Ariz., Jan. 30.—Lieutenant Colonel Harry G. Bishop, one of the army aviators rescued on the Bonora desert after being in the air days virtually without food or water, will leave here late tonight for San Francisco. Bishop's feet still are in a bad condition and it probably will be several weeks before he is able to leave the Letterman general hospital in San Francisco, according to Surgeon-Major Orville G. Brown, who has been attending the army aviator.

# Guard Units Are Ordered From Duty

WASHINGTON, Jan. 30.—The following additional National Guard units have been ordered from the border to their home stations to be mustered out, the war department announced today:

Troop A, Cavalry; Battery A, Field Artillery, Oregon.

Troop B, Cavalry; Company A, Signal Corps, Washington, D. C.

# ARE BATHS NECESSARY?

"This looks like a foolish question in this enlightened age, but there are nearly a million Americans who knew nothing of internal hygiene and are now eager to testify that they are fully as essential to health as Ex-Lax.

By a purely natural process of property using warm water the "J. D. L. Ex-Lax" remedy removes all the waste from the lower intestine, which physicians agree is the cause of 95 per cent of all human ailments.

It instantly relieves constipation, properly regulates the bowels and prevents all the ailments which follow. Biliousness and Liver Troubles always create.

E. W. Southall, M. D., of Genesee, N. Y., writes:

"I challenged the doctors in this town last week in regard to what I can do with your 'Cascades' I can say for a truth that I know the reason for my success with many nervous illnesses was due to having the bowels washed out and sometimes twice a day. I only wish I could make the people in general believe in the efficiency of a good bowel-washer.

The Owl Drug Company has filled a tremendous demand for 'J. D. L. Ex-Lax' in the past few years, and will show and explain to you on request. A free and interesting booklet on Internal Hygiene, 'Why Man of Today' in 100 Cent Tablets' can also be obtained for the asking.—Advertisement.

# "FIVE HUNDRED" TO BE BARRED?

## Stanford Women Not Wanted, Say Men; Co-Eds Rally in Defense

STANFORD UNIVERSITY, Jan. 30.—At last the "five hundred" on Stanford's campus have been brought to bay. The "five hundred" do not represent the world's idea of exclusive social sets, but rather a family term to every Stanford graduate. The "five hundred" refers to the women students registered at this peninsula university.

There are just 500 women admitted to Stanford enrollment at the request of the university's donors the number of women was limited. Litterances by collegiate editors and male students of the past regarding the usefulness of coeducation as a Stanford institution culminated in this month's issue of the Stanford Illustrated Review just given to the campus.

Editor R. A. Griffin stands sponsor for elimination of the female student body. That campus opinion is varied may be understood by views of students in excited discussion over the plan. The women of the university are not pleased, and interviews from girls who have attained places of prominence in university affairs concentrate in one descriptive term—indignation.

"Coeducationalism," the article reads, "is not consistent with the idealized policy of the university. The five hundred women are not entitled—except by technical regulation—to keep their seats in the university. They are not entitled to the university's educational facilities. The few exceptional women the university turns out do not justify the remaining four hundred and fifty or seventy-five it retains."

"Stating on the premise that America demands a certain type of university, believing that Stanford has the great opportunity to promote a higher and more serviceable graduate, knowing that the university is not prepared to spend year by year, the question does arise: Is it efficient that Stanford should be a coeducational institution?"

"If an institution sets forth a certain goal for its impersonal endeavor, the success of that institution is based on its consistency. Granting, therefore, that women have a higher education coming to them, and realizing as one does that this state of California offers in its many institutions a breadth of educational facilities for women that can fully comprehend all classes of students, seeking a higher light, granting also the fact that

# ANGEL ISLAND TO BE UNDER PROBE

## Immigration Irregularities Will Be Made Object of Inquiry.

TRIBUNE BUREAU  
S. F. SANTA CLARA

SAN FRANCISCO, Jan. 30.—Federal investigation into conditions on Angel Island, together with a probe of alleged immigration scandals which resulted in the deaths of important Government records, has been asked by Assemblyman Leo Friedman of this city. Friedman, who is chairman of the Federal Relations Committee of the Assembly, has asked the Legislature to petition the President and Congress to appoint a board of inquiry for the purpose.

The illegal smuggling of Chinese into this country by means of substituted identity schemes, in the basis of the move, Friedman has been at work for some time collecting evidence and other data to be submitted whenever the Government orders an investigation of that nature. The whole subject of the investigation is said to be one of the most serious phases which Friedman has uncovered.

In a resolution which he is to present in the form of a recommendatory bill when the State Legislature reconvenes, Friedman will incorporate a request to the Washington authorities that a civilian member of the Federal board of inquiry be appointed, with government officials, who shall be, during the hearing in this city, superior to the Immigration Commissioner at that port.

# SATTERWHITE TO FIGHT FURTHER

## State Law Is Not Retroactive, Says Assemblyman; Will Appeal.

SACRAMENTO, Jan. 30.—Assemblyman William T. Satterwhite of Alameda county announced here that he would carry to the Appellate Court the recent decision of the Alameda county court that Satterwhite was not entitled to any salary as deputy district attorney of Alameda county from December 15 on, as the result of the passage of the ineligibility to office amendment last November.

Satterwhite will not attack the decision of the Alameda judge, which held that the deputy district attorney was a State officer within the meaning of the law, but will base his suit upon the phrase in the law that no legislator shall hold any other State office for the term for which he shall have been elected.

"This is in the future perfect, and prevents the act from being retroactive," said Satterwhite. "It will be a test suit, in which a number of other legislators are interested."

Sensors Tyrrell of Oakland and McDonald of San Francisco and Assemblyman Satterwhite are holding State jobs. Satterwhite has resigned.

# Grayson's Promotion O. K.'d by Committee

WASHINGTON, Jan. 30.—The Senate naval committee ordered a favorable report today on the nomination of Dr. Cary T. Grayson, President of the Wilson naval aid committee, to be medical director in the navy and a rear admiral.

The Republicans of the committee opposed it. Senators Lodge and Poinsett, however, were in the majority. A fight on the floor was indicated.

"I Will Be Speaker," Declares Champ Clark

WASHINGTON, Jan. 30.—"I will be the speaker of the next house," Champ Clark declared today, addressing the opening session of the fifth annual convention of the Women's National Democratic League.

A letter from President Wilson was read, expressing the executive's regret at his inability to attend in person.

# GUARD OFFICERS ARE INVESTIGATED

## Two Local Men Are Ousted As Not Being Efficient; Board Still Busy.

That National Guard officers must have unusual qualifications to keep their places of command is indicated in an announcement from a state capital efficiency board today relative to the discharge of Second Lieutenant J. Long, Company A, Fifth Infantry, from the state military service.

Long, a resident of Alameda county, has been notified that "his capacity and general fitness for the service are not such as to warrant his continuance in the service." This notice is the first of its kind since the board was given the public. Colonel W. B. Burr, commanding officer of the Fifth Infantry, said that the general statement from the investigation of Long's conduct was "satisfactory." Burr said that Long's conduct was "satisfactory" and that the board was "satisfied" with his work.

Long, it is said, absented himself from the demobilization camp of the Fifth Infantry in Sacramento last fall without permission of Colonel Burr, but the officer said this morning that this breach was only an incidental in the general list of faults in the conduct of Long. Long was charged with "disobedience of orders" and "failure to perform duty." Long was given a 30-day suspension from the barracks to the city hall, traversing the Nationalist and Orange quarters, where the men were cheered.

# Duke of Connaught to Head Volunteers

## LONDON, Jan. 30.—The King has appointed the Duke of Connaught to be colonel in chief of the volunteer forces," says an announcement issued here. The Duke of Connaught retired from the governor-generalship of Canada last October.

# Legalized Racing Is Illinois' Bill's Object

SPRINGFIELD, Ill., Jan. 30.—Another effort to legalize horseracing in Illinois was made today by Senator John T. M. Denlinger, who this morning introduced a bill which would provide for state racing commission to be appointed by the governor. The commission, according to Senator Denlinger's belief, would be comprised of three disinterested men. The commission's salaries would be \$3600 annually.

The bill provides that this commission shall license any racing association owning its own racetrack, grounds and equipment and that the state stock in such racing association shall also provides for the installation of automatic betting machines throughout the state. A maximum penalty of \$50,000 could be imposed by the commission.

# STOMACH UPSET?

## Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are working their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for laxatives.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. 10c and 25c per box. All druggists.

# DRIVE REPLIES TO RECALL CHARGES

## Mayor Says That Movement Is Attempt of "Interests" to Intimidate Him.

Replying to the charges contained in the recall petition directed against him and also open insinuation of official unfitness, Mayor John D. White today issued a reply to the items contained in the petition for his removal filed with the city clerk.

Mayor White denies that the charges contained in the petition are true, brands the whole affair as one of political trickery and personal denunciation and invites an inspection of his record. He says:

"The reason given by Mr. Arnest for my recall is not charges but mere personal denunciation. It is political trickery. This recall movement is an attempt of 'special interests' to intimidate me."

"I have caused the preparation and enactment of constructive municipal legislation, establishing the harbor and providing for its control by the city. The invalidity of illegal leases of the city's lands is being established, a test case having been tried and submitted to the court for decision."

"I am against such private control of the public domain as the harbor line as will result in a private monopoly at the very threshold of the city's gateway to the water-highways of the world's commerce."

"I have fought every attempt of interests to give the city a monopoly of a clean and prosperous community. I have honestly striven to bring the city from grasping politicians and to make all franchise holders obey the law."

"I have voted for tax law reducing taxation, but I have not voted for tax rate. My messages and vote on every measure are open for inspection at city clerk's office. Investigate."

# Edwards Replies to Proposed Recall

Commissioner W. H. Edwards of the revenue and finance department has replied to the notice of proposed recall filed by C. S. Macmillan in a formal statement issued today. The statement, which will become a part of the petition, follows:

"The charges in this recall petition are absolutely false and malicious in every particular."

"I was elected to this office on the policy of business, not politics, by the largest majority ever given a candidate in our city, which convinced me that the taxpayers desired a business administration of the city."

"I have consistently, fearlessly and honestly followed that course, eliminating every element of dishonesty and corruption from the public pay-roll whenever possible and working in every way consistent with efficiency and good government to reduce the people's tax burden."

"Naturally I have caused the everlasting displeasure and disgust of job chasers and designing politicians."

"I have always insisted that the people shall have the right to vote on all large questions of their money and that on every occasion raised my voice in the people's behalf. I have reduced expenses of my department and have an honest, faithful public servant should serve his full term, vote no on this recall."

# GROGERS URGE BETTER STREETS

## City Asked to Co-operate With State in Making Big Improvements.

Complaining that the condition of the pavement along the street car tracks is a disgrace, the Retail Grocers' and Merchants' Association of Alameda County has asked the city council to work in conjunction with the railroad commission and the state highway commission toward bettering conditions.

A communication addressed to the county today recited that inasmuch as the people have voted \$15,000,000 and \$15,000,000 for highway bonds, the interest on which automobile owners largely contribute, together with the necessary cost of automobiles tires and accessories, has entailed extra expense on them, they should be protected so far as possible by good pavements.

The communication included the statement:

"The street car tracks and railroad crossings are in such bad condition as to be continually destroying our property. We ask if the railroad commission and the highway commission cannot remedy the present condition by compelling these companies to live up to the provisions of their franchisees."

# Legalized Racing Is Illinois' Bill's Object

SPRINGFIELD, Ill., Jan. 30.—Another effort to legalize horseracing in Illinois was made today by Senator John T. M. Denlinger, who this morning introduced a bill which would provide for state racing commission to be appointed by the governor. The commission, according to Senator Denlinger's belief, would be comprised of three disinterested men. The commission's salaries would be \$3600 annually.

The bill provides that this commission shall license any racing association owning its own racetrack, grounds and equipment and that the state stock in such racing association shall also provides for the installation of automatic betting machines throughout the state. A maximum penalty of \$50,000 could be imposed by the commission.

# Co-Ed Hostesses Laugh Merrily at H.C.L. Bugaboo

Three university young women interested in reducing the cost of living. Left to right, they are: ELIZABETH BRIDGES, MARJORIE HYLAND and DELPHINE FERRER.

# Twenty-two Sit Down to Banquet Costing But \$4.98 for Entire Repast

TRIBUNE BUREAU  
3014 SHATTUCK AVE.

BERKELEY, Jan. 30.—What the housewife with a dinner party on her hands and the cost of living still soaring skyward, the nutrition honor society, demonstrated by a group of eight University of California girls, newly initiated into Alpha Nu, the nutrition honor society. Twenty-two, including themselves, sat down to the initiation dinner of four courses which they had prepared and served. The food cost them exactly \$4.98. The menu was as follows:

Fruit cocktail.  
Roast loin of pork and apple sauce.  
Sweet potatoes, Southern style. Spinach.  
Hot rolls, butter, currant jelly.  
Orange milk chocolate.  
Almond sugar wafers.  
Black coffee.

Suited guests.

The fruit cocktail consisted of pineapple, grape fruit and mint. The currant jelly was donated by one of the girls. The butter and raw materials were purchased, but otherwise the complete meal was prepared by the eight initiates themselves. The total amount, \$4.98, which, by the way, just happened to be the result of an effort at a bargain price.

covered the cost of food only and not the overhead, the fuel, labor and laundry being supplied by the experimenters. Careful scientific purchasing, in which principles learned in the home economics department of the university were put to the test, resulted in keeping down the price of the meal to a little over twenty-two cents for each diner.

The eight initiates who served the meal were Miss Dorothy Hyslop of the graduate class and the Misses Doris Daniels, Charlotte Beshlitz, Mildred Jessup, Nora McKenzie, Carey Miller, Ermine Sala and Gertrude Wharton. The senior class, Alpha Nu honor society was originated last year especially for upper-class women in the department of domestic science. The promotion of preparation of nutritious food at an economical outlay is the principle of the department which the society meets to foster.

Among the faculty members are Dr. Agnes Fay Morgan and Dr. Josephine E. Davis, while other graduate and student members are the Misses Elizabeth Bridge, Delphine Ferrer, Marjorie Hyland, Precious M. Nelson, Katherine Vahl, Margaret H. Mills, Elsie L. Rau, Edna J. Deming, Nellie A. Herline, Mary L. Log, Alice H. Neese, Agnes Pearson, Pearl Pemberton and Miriam O. Tuttle.

# STATE TROOPS NOT TRIAL MAY SHOW 'SHOT TO PIECES' PLOT OF JAPANESE

## Boree Says More Men Could Enter Field Now Than Last Summer.

BY ASSOCIATED PRESS  
LEARNED WIRE TO TRIBUNE.

SACRAMENTO, Jan. 30.—"If the government should issue a call to arms today," said Adjutant General J. J. Boree, "California would be able to put more men in the field than when the call came last summer."

The adjutant general makes this assertion, he said, to correct the general opinion that the National Guard of California "is shot to pieces."

"The National Guard membership today is a little more than 3500," he said, "and these are real figures—not the newspaper strength. It is true that the guard is still about 1500 below the strength called for by the national defense act, but we have twenty-four companies up to the required membership of sixty-five, and I have good reports from the majority of the other fifty-four companies."

"I expect the guard to be well up to the 5000 mark by March 31, the date this department has set for all companies to reach the required number."

# CONSULAR PLAN TO BE OUTLINED

## Dominican Republic Will Be Represented Under New Diplomatic System.

BY ASSOCIATED PRESS  
LEARNED WIRE TO TRIBUNE.

SAN DOMINGO, Dominican Republic, Jan. 30.—A commission has been appointed by the American military governor to inquire into the diplomatic consular representation of the Dominican Republic, with the idea of establishing a service to meet the real needs of the country and to be within its resources.

In explanation of the recent removal of Manuel Morillo, Dominican chargé d'affaires at Havana, it is said officially that the resolution which was adopted at the meeting in the Dominican legation at Havana, in using the American forces of occupation in the Dominican Republic of illegal acts, was false and inflammatory.

Archbishop Nevel has accepted the presidency of a commission named by the American authorities to study the educational needs of the country.

# CRIME DONE TO SUPPORT SICK FAMILY, PLEA

## Federal Agents Recommend Leniency After Hearing Story

SAN FRANCISCO, Jan. 30.—How Leroy Butts, a Jeweler of Oakland, in the Sacramento valley, was driven to counterfeiting \$1 and \$5 pieces, that he might keep his sick father and sister, carried such weight that he was sentenced to only one day in jail with \$1 fine by Federal Judge M. T. Dooley today. Butts pleaded guilty and said he was tempted to counterfeit when hard pressed for money to keep his father and to pay for the trading of his sister as a stenographer in this city. In view of the circumstances in-dorse Costanza, secret service officer, who caused Butts' arrest, and Assistant United States Attorney Thomas recommended leniency.

# 'U-BOAT RULES' POSTED ON SHIPS

## Full Program for Conduct When Chased, Is Issued.

BY INTERNATIONAL NEWS SERVICE  
LEARNED WIRE TO TRIBUNE.

LONDON, Jan. 30.—The Times today says that it is authorized to state that Great Britain for the time being will not arm merchant ships and will not arm a protection against German submarines.

This decision was reached, it is understood, in order to give the foreign office time to carry on further negotiations with the United States on the subject.

The exceedingly heavy toll of allied and neutral ships, with prospects of even greater losses before the situation improves, has aroused the nation and the announcement of the Times caused considerable of a sensation.

# Suspect, Under Arrest, Held As Murderer

LOS ANGELES, Jan. 30.—Calvin Kelsey Whittington, alias Dick Harrison, the man believed arrested in Fort Worth, Texas, is wanted here on suspicion of murdering his wife, Mrs. Frances L. Harrison, here last July.

Mrs. Harrison was last seen alive by neighbors in her home on July 9. About a week later her dead body was found, swollen and discolored, in bed. Her husband had disappeared several days before.

Mrs. Harrison was noted for her beauty and wealth. She was nearly fifty. Her husband was about 20 years younger.

# Will Power Wins in Battle With Death

TOPEKA, Kan., Jan. 30.—Will power won for Dr. M. C. Porter in a battle with death. Declaring that he would not die until his daughter, who was coming from Berkeley, Cal., reached his bedside, Dr. Porter fought stubbornly throughout the day and refused consciousness until his wish had been gratified. He died 25 minutes after his daughter arrived.

Thursday Miss Marie Porter, a senior in the University of California, received a telegram telling her that her father was dangerously ill. She took a fast train for home.

Just Say You Saw It in  
THE TRIBUNE

## MRS. SANGER'S FATE IN BALANCE

Sister of Woman on Hunger Strike Tells Why She Is for Birth Control.

NEW YORK, Jan. 30.—Mrs. Margaret Sanger told today why she advocated birth control, for which she is now being tried and because of which her sister, Mrs. Ethel Byrne, is now serving a sentence on Blackwell's island.

"I was one of eleven children," she said. "My mother died when I was 17 because she had too many children and had worked herself to death. I became a nurse to help support the family.

"I came to the conclusion that the greatest good I could do was to help poor women to have fewer children to be brought up in want and poverty. I threw my nurse's cap away and swore I would do it no more. I went to Europe, studied the birth control clinics there and came back to America to do what I could."

Mrs. Sanger will know Friday whether she is to get a prison sentence for disseminating birth control information. Three justices in Brooklyn special sessions court reserved decision until that date.

Meanwhile the condition of Mrs. Byrne on Blackwell's island remains the same. She is being forcibly fed at regular intervals and does not offer any resistance.

## MERE \$7,500 U. S. JOBS NOT BEING SOUGHT

Wilson Finds Difficulty in Getting Men for Commissions

BY UNITED PRESS  
LEADS WIRE TO TRIBUNE.

WASHINGTON, Jan. 30.—The high cost of prosperity in the country is hitting President Wilson. He can't get men he wants for big jobs now at his disposal.

Business men are making too much money in their regular pursuits to willingly yield them in favor of some board or commission upon which the President wishes them to serve.

A mere \$7,500, at one time considered a princely sum per annum for any man, is now regarded as too paltry to appeal to many men the President desires to serve the country.

That's what makes selection of different committees at the President's disposal very difficult. It has held up completion of the tariff commission for weeks. It delayed selection of the shipping board. Each member of both of these commissions receives \$7,500 a year.

The President himself has protested against the situation. He attempted to have the salaries of the tariff commission fixed at \$10,000 each. Congress declined to put the figure above \$7,500.

## POPULAR PLAYERS PERFORM TONIGHT

Oakland's Community Orchestra to Give Free Concert in Tech Auditorium.

Oakland Community Orchestra, the popular musical organization which is the nucleus for great things in the history of this city, will give its first concert of the year this evening at 8:15 o'clock in the auditorium of the Technical High School under the baton of Herman Truett.

As this is a people's concert for the people, no admission is charged, and free tickets can be obtained through the various schools or from the office of the Superintendent of Schools in the City Hall.

The members of the Community Orchestra play, not for business, but for pleasure; not for remuneration, but for the love of music. The weekly rehearsals have nothing of the atmosphere of the professional orchestra, rather, do they resemble a neighborhood gathering for the making of music together.

The players bring their own instruments, but all else is supplied by the city—director, music, hall, heat and lights.

Anyone who has an idea that, because the Community Orchestra is a democratic group of amateurs, rag-time and "popular" music are the components of the program, has a surprise coming. Music of the best is all that is studied, and the program to be given tonight illustrates this:

Festiva March ..... Mendelssohn  
Symphony No. 4 (Unfinished) ..... Schubert  
Toccata and Fugue on "Garden" ..... Bizet  
Le Cœur de ma Mère ..... Dalcroze  
Prelude in G ..... Beethoven  
Prelude in E-flat ..... Schumann  
Prelude in C ..... Chopin  
Selections from "Madame Butterfly" ..... Puccini  
Orchestra

## POLICEMAN FACES MARAUDER'S GUN

R. H. Feeley Has Narrow Escape When He Grapples With Suspect.

Confronted by a burglar in a dark alley off of San Pablo avenue, close to the city hall, an early morning patrolman, R. H. Feeley, had a narrow escape from death when he grappled with the burglar. The officer, armed with his revolver, thrust forward in knocking the burglar down. The burglar, who had the name of William Baker, the police are investigating his antecedents.

One Baker's person was found a quantity of loot taken from a hardware store at 1229 San Pablo avenue and from a Japanese store in Fifteenth street opposite the city hall.

Officer Feeley was patrolling his beat shortly after 1 o'clock when A. L. Locke, one of the proprietors of the hardware store, called to him, stating that he believed a burglar was inside of the store. Feeley went to the rear and in an alley suddenly faced Baker, who thrust his revolver to the officer's side.

DETROIT JOURNAL SOLD.—Sale of the Detroit Journal, an afternoon paper, was announced today. The new owners are N. C. Wright and H. S. Thalhimer of Toledo, and C. C. Vern and Paul Block of New York. The purchase price was not made public.

## Grandmother, the Pioneer Physician

In the good old pioneer days of this country, when no drug stores were few, grandmother's root and herb remedies were what were always depended upon to bring relief for family ailments, and some of grandmother's root and herb remedies are now found upon the shelves of the modern drug store, and are among the best and most widely used prepared medicines.

Such is Lydia E. Pinkham's Vegetable Compound, a botanic remedy, originally prepared by Lydia E. Pinkham, of Lynn, Mass., over forty years ago, and which has brought health and happiness to more women in America than any other medicine.

## THEY WERE RUNDOWN

How often we hear it said of a man or woman that "they were rundown in health" which accounts for their present sickness. For that reason it is important that when you find you tire easily, when your nerves are troublesome or your work is irksome, you should strengthen your system immediately with the blood-enriching, tissue-building food in Scott's Emulsion which contains pure Norwegian cod liver oil and is free from alcohol.

Scott & Bowne, Bloomfield, N. J.

## TELEGRAPHIC TABLOIDS

MARYSVILLE.—Hazel Herzinger, aged 12, living at 1215 S. 1st street, lost her name and address in an almond shell and packed it along with other almonds. Her father, who has not been seen in years, got the almond in Atlanta.

SAN FRANCISCO.—To send a copy of Kipling's "Vampire" through the mails to one's wife constitutes cruelty, according to Mrs. Emma Maher, who is suing for divorce.

CHICAGO.—Mrs. Gwynn McCoy, married at Battle Ground, Ind., carried the London through nineteen years of married life. Now she is suing for divorce.

NEW YORK.—Because he played pinocle with papa so deftly that he always lost, Walter Goodman overcame parental disapproval and was given through the father's blessing along with his daughter.

NEW YORK.—"Did you hear a shot?" laughed Leo Kelleher, lying in bed, as Grace Weimers ran into his room. "I heard another. She went back. Kelleher was dead, shot twice through the lungs."

## FIRST TRAIN IS THROUGH SNOW

Traffic Across Country, Tied Up by Big Storm, Is Resumed.

The first train of twenty-seven west-bound passenger trains held up in the Rocky mountain region by heavy snows and storms arrived in Oakland this afternoon shortly after two o'clock. Aside from the delay and the cold, the passengers declared that they had not suffered any great inconvenience. Many of them regarded the experience as a highly diverting lark and an unusual episode in a usually unexciting trip across the country.

The remainder of the trains will come in now in rapid succession, as the clearing of the tracks for regular travel is being rapidly effected at the worst point between Laramie and Rock River in Wyoming. The blockade has lasted for three days in all, and twenty-seven westbound trains lined up one after the other, waiting for the tracks to be free of their covering of ice and snow. The last train to join the waiting line will be subjected to the least delay.

The train which arrived today was not caught in the worst part of the blizzard and escaped the cancer delay which was endured by later arrivals.

SALT LAKE CITY, Utah, Jan. 30.—The blockade on the Union Pacific which held twenty-three passenger trains for the last three days owing to the drifting snow between Laramie and Rock River, was broken last night, and early today the first of the besieged trains reached this city.

CHEYENNE, Wyo., Jan. 30.—Dynamite is being used to clear the frozen mass of snow, ice and sand from one track of the Union Pacific Railroad, according to railroad officials here. The mixture has proved too hard to be handled expeditiously by snow plows. The snow shovelers. The one track cleared last night remains clear today and all trains on the road are moving steadily.

## Half Million Given to Colleges of U. S.

NEW YORK, Jan. 30.—Appropriations totaling \$775,200 to American schools and colleges were announced here by the general education board. The money, from the John D. Rockefeller fund, includes:

To Cornell College, Iowa, \$100,000.  
To the De Pauw University, Indiana, \$150,000.  
To Swarthmore College, Pennsylvania, \$125,000.

For negro education \$197,500 is appropriated as follows:

Fisk University, Tennessee, \$50,000.  
Spelman Seminary, Atlanta, Ga., \$55,000.

Sums ranging from \$2000 to \$7500 are given to small institutions in southern states, together with \$40,000 to be devoted to instruction for negroes in rural districts in the South.

The Arkansas state department of education receives \$2700 for the support of a rural school agent.

## Former Official Is Held As Check Passer

CHICAGO, Jan. 30.—A man believed to be Henri Charlebois, former secretary of the government commission in Montreal, Canada, is under arrest here today. The police said he was wanted in Montreal on charges of passing worthless paper amounting to about \$20,000 on the part of Montreal. The asserted also that since leaving Montreal in October he had been prominent in the night life in New York, Cleveland, Cincinnati and St. Louis. The man under arrest was penniless when taken to the police station.

## Flood Control Bills Can't Go This Session

WASHINGTON, Jan. 30.—Flood control problems in the Mississippi valley and in the Sacramento valley are doomed to go unsolved by this session of Congress.

Smothered beneath a mass of appropriation bills and administration measures, the House bill reported favorably to the Senate just before the Christmas recess, will go to the Sixty-fifth Congress for lack of time to consider it.

Meanwhile residents of the valleys can pray for further deliverance from floods until the senators get time to consider the matter.

## Bishop's Wife Honored by Missionary Society

Members of the Home Missionary Society of the First Methodist church, to the number of seventy-five, did honor to Mrs. A. W. Leonard, wife of Bishop Leonard, yesterday afternoon on the church's birthday. At twenty-fourth street and Broadway, Mrs. Leonard, president of the organization, presided as chairman.

The speakers were Mrs. Leonard, who told of work among the children, and Mrs. J. R. Seapham, who read a paper on "Old Spain in New America." Mrs. Grace McCann contributed the musical numbers.

## Sterilization Bill Is Passed by Senate

SALEM, Ore., Jan. 30.—By a vote of 18 to 10, the senate of the Oregon legislature has passed a bill providing for forcible sterilization of "perverted or criminally insane persons." The measure now goes to the House.

## WEST OAKLAND HOME'S ELECTION

Mrs. Daniel Webster Is Again Chosen President of the Association.

Mrs. Daniel Webster was re-elected president of the West Oakland Home Association yesterday at the annual meeting. Serving with her as officers will be Mrs. A. M. Beebe, first vice-president; Mrs. George Ames as recording secretary; Mrs. Grace Hensley, financial secretary; Mrs. A. L. Wolfe, corresponding secretary; Mrs. Emil Fritsch, treasurer.

The directors are Mrs. A. V. Clark, Mrs. D. T. Curtis, Mrs. Frank Laughlin, Mrs. Louis E. Manning, Mrs. Landers Redman, Mrs. James R. Tallman.

Those elected to the board of managers are Mrs. Harry Anderson, Mrs. E. J. Boyce, Mrs. Mina Gledson, Mrs. Robert Glenn, Miss Lillian Gard, Mrs. Grace Hensley, Miss Jean Ivah Murphy, Mrs. Charles Nell, Mrs. Fred Reed, Mrs. B. S. Shaw, Mrs. E. A. Stearns, Miss Elizabeth Smille, Miss E. F. Smille.

The advisory board members: J. J. Allen, William H. Crocker, H. C. Capwell, L. A. Berens, Mrs. C. J. Heese, James Taylor, H. D. Rowe.

Mrs. John Scotchler was elected chairman of the endowment fund which has already reached the \$3000 mark.

The Little Workers, whose particular care is the twenty babies in the nursery, elected Miss Dorothy Salisbury as their executive officer. Miss Martha Ashland is vice-president; Miss Ethel Hahn, treasurer; Miss Catherine James, corresponding secretary.

## Lecturer to Tell of Zuni Tribe Customs

Prof. A. L. Kroeber of the University of California will give an illustrated lecture on the Zuni Indians of Arizona, under the auspices of the board of education, in the Fremont high school tonight. He will describe in detail the customs and life of these people, among whom he stayed several months. The lecture will be well illustrated with slides showing various phases of their mode of living. It will be free to adults and will commence at 8:15.

## Suit Is Filed to Restrain Sisal Trade

NEW YORK, Jan. 30.—The government filed a suit today in the federal court here against the Pan-American Commission Corporation, Sol Wexler and others, charging conspiracy under the anti-trust laws to restrain interstate and foreign trade and to increase the market price of sisal throughout the United States.

## Los Angeles Slayer May Be Texas Forger

FORT WORTH, Texas, Jan. 30.—A man believed to be C. K. Whittington of Los Angeles, wanted for the murder of Miss Frances Harrison in that city, is believed to be under arrest here. He was originally held on charge of forgery, but the police say his description corresponds with that of Whittington.

## Man Picked Up by Pilot of Locomotive

KENNETT, Jan. 30.—After a passenger train had struck Andy Donovan on the outskirts of Kennett, he landed on the pilot of the locomotive, which accidentally carried him to the station. He was unconscious but revived and was not badly injured.

## Why this highly nourishing Food is so Inexpensive

THE most economical food is that which gives most body-building nutriment for every cent you pay. Foods refined by costly processes are really the most expensive because they lose so much of their essential dark parts containing the body-building protein and saline elements.

Dr. Jackson's

## Roman Meal

is an inexpensive food because it is so rich in these precious body-building elements. It is actually a better tissue builder than meat. It costs no more than wheat or oats alone, yet it is so much more nourishing! Besides, it prevents indigestion and relieves constipation without the use of costly drugs, or we return your money.

Roman Meal is composed of entire berries of wheat and rye with flaxseed and bran. The flaxseed is rendered absolutely tasteless and odorless by electricity.

It is the dark parts of grains that contain the body-building elements and health preservers. The white parts are mostly starches which cannot possibly build up tissue. Any food that is deficient in body nutriment is dear at any price, especially if it gets you into trouble. When the bowel

muscles do not act, due to impoverished food, which is also lacking in waste, you have constipation. Roman Meal is a fully balanced ration, highly nutritious, and having the correct amount of waste. It incites the digestive tract to full natural action and positively relieves constipation. Ask your doctor.

Roman Meal makes the most delicious porridge when you follow directions and do not stir it while cooking. Never stir it except while mixing with milk and water, or you positively spoil the porridge. Stirring while cooking destroys the granular form and restores the taste of flax which Dr. Jackson removed by electricity.

Roman Meal also makes splendid bread, pancakes, muffins, cakes, etc.—all kinds of delicious baked products. At all grocers.

Roman Meal Co., Tacoma (Washington) and Toronto (Canada)

## A Cheap Lot on 44th Street

We've been instructed to sell six lots on the north side of 44th Street between Grove and Telegraph 35 a front foot below bank appraisement.

The lots are 40 feet by 100. The price is \$1200 each. You can buy one or all of them; there'll be no variation in the price in either event.

This sunny south frontage property is convenient to both Telegraph and Grove Street car lines. It's close to the Key Route to San Francisco, too.

And with the industrial development at present prevailing in Oakland, its price is bound to advance away beyond its present \$50 a foot.
